HOUSE GROUP URGES FOREIGN AID CUT

TRUMAN TRAIN TO MAKE STOP IN CRESTLINE

Special Carrying President on Western Trip To Arrive at 10:53 A. M. Friday.

President Truman's special train will roll into Crestline tomorrow morning for the only stop in Ohio on a speaking tour of 18 states.

The Presidential special will leave Washington at 10:05 tonight Marion time, The Associated Press reported today. The President will make his first prepared address in Chicago at 9 p. m. tomorrow night after brief platform talks at Fort Wayne and Gary, Ind.

The Crestline stop will be for approximately seven minutes as the President's train is due in at 10:53 a. m. and is scheduled to leave at 11.

A White House secretary said today that no plans for platform appearance at Crestline had been announced but it was not considered to be unlikely, the United Press reported. The stop was said to be one for servicing the train, an operating necessity rather than a scheduled point for a brief "off the cuff" address.

It is assumed however that the President would acknowledge the presence of spectators should the customary crowd gather in the yards.

Local Group To Attend

Russell M. Wilhelm, county Democratic committee chairman, indicated local party leaders probably would make the trip to Crestline on the chance that the President might leave his special armored car "The Ferdinand Magellan" and appear briefly on the platform.

A major part of the first leg of the 5,000 mile transcontinental trip will be made through Ohio, the special train taking the regular Pennsylvania route. After leaving Pittsburgh at 7 a. m. tomorrow the train will pass through Canton, Massillon, Mansfield, Bucyrus, Upper Sandusky, Forest and Lima before arriving in Fort Wayne at 1:20 p. m. for the first scheduled platform stop.

Ohio was by-passed in selection of speaking points on the tour which will include five major addresses and 50 platform appearances.

Newsmen Along

In addition to the White House staff the special train will carry a battalion of 40 newsmen and photographers who it appears will get no "shots" of Ohio Democratic leaders greeting the Chief Executive as he travels through Ohio tomorrow.

As President Truman made ready for the trip he appeared in a mood to fight for a new term and called his own signals, The Associated Press reported.

To the latest suggestion that he withdraw from the race, Mr. Truman replied with a sharp declaration he was "not brought up to run from a fight."

The President left Democratic party chieftains on the sidelines in ordering up his special train for a strenuous speaking tour which may hold the answer to his political future.

The White House labelled the cross-country swing "non-political" but disclosed plans for five major addresses and many off-the-cuff rear platform talks expected to furnish ammunition for the 1948 campaign.

OIL CO. TO START ON NEW STATION

Work Begins Next Week at Center and State Streets.

Work on the construction of a super service station at the corner of State and Center streets will be begun by the Pure Oil Co. early next week, it was announced today by Henry A. Krigbaum, local distributor for the company. The contract for the office and three-bay lubridome was awarded yesterday to the Steward Construction Co. of Marion, and work is expected to get under way Tuesday or Wednesday.

The 30-foot office will be brick-faced and will be of the English cottage architecture, while the lubridome will be of the flat-roof style. The construction work is expected to be completed by early September. Facilities will include a truck bay and a full line of accessories as well as gas, oils and greases.

WINS HIGH HONOR AT DE PAUW. A Marion student, Charles C. Roberts, is shown in the above picture receiving the Guy Morrison Walker cup, awarded the most outstanding senior at DePauw university, during a recent recognition chapel service held on the campus at Greencastle, Ind. The cup is being presented by Miss Barbara Salmanson of Great Neck, N. Y., senior class president. The cup is awarded annually in memory of Guy Morrison Walker, an early benefactor of DePauw, to the man, chosen by the senior class, who, forgetting self, renders the greatest service to the university during his four years' attendance. Mr. Roberts, son of Mrs. Chester C. Roberts of 201 South Vine street, and the late Mr. Roberts, will be graduated from the university on June 13.

Governor Visits Schools In Ohio Area, Is Shocked

The following story about Governor Herbert's inspection of rural school buildings in Jackson county and three other southeastern Ohio counties was written by an Associated Press reporter who taught in the rural schools of Jackson county 40 years ago.

★ ★ ★

By H. H. DAUGHERTY

COLUMBUS, O., June 3 — Many schools in southern Ohio's hill country are like the crawfish—after 40 years they're progressing backwards.

This is the conclusion reached by Gov. Thomas J. Herbert after a 325-mile inspection tour of schools in Jackson, Gallia, Lawrence and Scioto counties.

"I was shocked to find some schools that I saw today," said the governor.

The net result of this inspection will be a forceful message by Gov. Herbert to the regular session of the legislature which convenes next January. He is expected to urge elimination of all one-room rural school houses by the consolidation and centralization of school facilities.

Detailed plans to bring about this school reform in the southern hill counties is yet to be worked out after painstaking surveys of financial structures have been made by the state department of education.

Accompanied by Party

The governor was accompanied on his inspection tour by Dr. Clyde Hissong, director of education; industrial relations director W. J. Rogers; Albert D. St. Clair, field agent of the department of education; Robert Batchford, executive secretary to the governor, and a number of newspaper writers and photographers.

Some of the school houses already have been condemned as unfit for use by the industrial relations department. Others have orders issued against them for necessary repairs which in many cases have not been made because of lack of funds. Those condemned outright still are in use because of lack of funds to build new schools.

The physical condition of many of these school plants are many degrees worse than they were 40 years ago.

In some cases, an apparent lack of pride in their schools by teachers, parents and pupils themselves account in part for the deplorable conditions.

This was pointed out by Gov. Herbert at one of the two one-room schools at Hecla in Elizabeth upper school district in Lawrence county. A loose seat from one of the broken school benches was used to cover a large hole in the porch floor. It could have been repaired by a sixth grade pupil by insertion of a couple of boards.

"There is no excuse for such a condition as this endangering the lives of the children," the governor commented to school authorities who were present.

"Worst" He Visited

A seven-room school building in Chesapeake, a small river town in Lawrence county opposite Huntington, W. Va., was declared by the governor to be the worst of any of the schools visited. There the ceilings and roof were held up by wooden posts some of which were bent by the weight of sagging ceilings. School Supt. Joseph Riley said 35 families are sending their 50 children to school in Huntington, W. Va. at a cost of $100 a year for each child. They said they are afraid to send their children to the local schools because of the condition of the class rooms.

The Chesapeake school plant has 22 class rooms to accommodate 960 pupils. Ten of these rooms were declared by the governor to be unfit for use. The condemned buildings still are in use because there is no other place to send the children.

The tax valuation per pupil is $3,026 compared with the state average of about $6,000. Some school districts in the state have a tax value as much as $40,000 back of each pupil, Director Hissong said.

Hold Funds Inadequate

The state department expects to complete allotment of all the $2,000,000 appropriated by the last regular legislative session for school rehabilitation. However, none of the money is being expended on school buildings that are beyond repair. The amount is said by school officials to be only a drop in the bucket to what is actually needed for physical plant rehabilitation.

One of the major problems in working out consolidation plans for elimination of the one-room schools, Gov. Herbert said would be a decision of how much money the local districts could furnish and how much money the state should supply. Some loosening of the present laws governing local financing, he indicated, might be recommended to the legislature so these local districts could raise more money themselves for new buildings.

UNION CO. YOUTHS WRECK STOLEN JEEP

By International News Service

MARYSVILLE, O., June 3— Two youths were in White Cross hospital in Columbus today as the result of a wild ride in a jeep stolen from the Marysville National Guard armory.

The jeep with 19-year-old John Walke and 21-year-old Robert Vance crashed into two utility poles near midnight last night at Milford Center.

Walke's condition was reported by hospital attendants as just fair today. Vance was in good condition.

INDICT 19 IN JURY SESSION

Four Cases Ignored in Report Made in Common Pleas Court.

The Marion county grand jury wound up a record session Wednesday afternoon, returning 19 indictments out of 23 cases brought before it by County Prosecutor James E. Reed.

No indictments were returned in four cases. Among those cleared of charges was George Henry McCloskey, against whom a manslaughter charge had been filed by the state highway patrol following an auto accident at Claridon last fall, fatal to four Marion youths.

Others freed were Paul Dawn, charged with removing mortgaged property; Gerald B. Clark, forgery; and Arthur J. Johnson, charged with carrying concealed weapons.

True bills were returned against the following: Albert Harris, assault with intent to rob; Joseph F. Barcus, assault; Peter Boulton, assault with intent to rob; Clare Hickman, malicious destruction of property; Norman W. Miller, assault; Clifford R. Bayles, receiving stolen property; Richard L. Bayles, receiving stolen property; Harry Eugene Manley, larceny; Charles Stewart, auto larceny.

Also, Marvin R. Warkentein, carrying concealed weapons; Alice H. Oglesbee, shooting with malice; Perry French, arson; Isaac Lawrence, robbery; Harold Hood, rape with consent; Marion R. Hughes, rape with consent; Richard L. Sanderson, auto larceny; Walter G. Quesenberry, armed robbery; William J. Combs, armed robbery and Jack Ferguson, fraud.

During the three-day session which opened last Thursday and concluded yesterday afternoon following inspection of the county jail, the grand jury examined 47 witnesses. Inspection of the jail, the jury reported, found everything in order and no recommended changes in management or operation were made. Report was signed by Wilfred McElheny, foreman and Mrs. Fred Berg, clerk.

FIGHT GOES ON IN HOLY LAND; TRUCE AWAITED

Count Bernadotte Is Assigned Job of Fixing Day and Hour of Cease-Fire.

By The Associated Press

CAIRO, June 3—Arabs and Jews went on fighting in Palestine today but a United Nations mediator got the job of setting the time for a cease fire to last four weeks.

The mediator, Swedish Count Folke Bernadotte, working out of Cairo, was told to fix the day and hour by the UN Security council, meeting yesterday in Lake Success, N. Y.

The council's plea for an armistice had been accepted Tuesday by both sides—the Israel government of the Jews and the Arab league political committee for the five Arab countries with troops in the Holy Land.

The United States was said to want the truce to start by Sunday. But Jamal Husseini of the Palestine Arab higher committee told UN newsmen five days would be needed to give Arab fighters the word.

Israel last night called off a cease-fire order in effect less than a day on the Jewish side. A Tel Aviv announcement said the order had been based on a misunderstanding.

Misinterpret Order

The order was effective at 3 a. m., Tel Aviv time, yesterday (6 p. m., Eastern Standard time Tuesday). The government said it had taken that to be the cease-fire deadline set by the Security council. Later, it explained, it learned that hour was merely the council's deadline for replies to a resolution calling for an Arab-Jewish cease fire.

The government said Jewish forces had been ordered to resume fire until the time, to be fixed by UN mediator, for both sides to stop shooting.

Earlier Israel had accused the Arabs of breaking the presumed cease-fire and said unless they quit shooting by sunset, "we shall reserve full freedom to resume major operations."

Bernadotte was instructed to consult with Arabs, Jews and the UN's American-Belgian-French truce commission in Jerusalem in deciding when hostilities should stop.

List Reservations

In accepting the UN plea the Jews listed "assumptions" as to its meaning and the Arabs "explanations" of their position. Despite this, Syrian Faris El Khouri, council president, ruled yesterday that the acceptances were unconditional.

Israel assumed among other things that "it's freedom to admit immigrants regardless of age will not be impaired."

The Arab governments said continued immigration of Jews of military age would be a big threat to Arab countries.

They said also that any solution "which does not maintain Palestine's political unity" would have no chance of success.

ANTI-COMMUNIST NAMED CUBA PRESIDENT-ELECT

By The Associated Press

HAVANA, CUBA, June 3 — Senator Carlos Prio Socarras, 44, government candidate and anti-Communist, is the officially declared president-elect of Cuba. He will take office Oct. 10. Official declaration of his victory came last night from the superior electoral tribunal. Prio's election was conceded by his leading rival, Dr. Ricardo Nunez Portuondo.

Two Boys, Forced To Forge Stolen Check, Help Police Nab Suspect

Two young "Junior G-Men" of Marion were responsible for the apprehension of a man accused of forging a government check and robbing a mail box, Police Capt. E. C. Mackan reported today.

The boys are William Phelps, 10, of 212 Patten street and Lee Mathers, 10, of 254 Patten street.

The two youths reported to police at 12:38 p. m. yesterday that a man had stopped them at the courthouse asking them if they could write, saying he could not. He asked the boys to sign a check for him, they told police. He produced a U. S. treasurer's check for $91.30 and directed young Phelps to sign the check with the name of Charles O. Brady.

Gets Check Cashed

He ordered them to accompany him, the boys said, while he vainly attempted to get several downtown business places to cash the check. He finally succeeded in cashing the check at the Spot restaurant at the corner of Olney avenue and West Center street. He gave each of the boys a dollar and told them to keep quiet or he "would work them over," the boys said.

They immediately went to police headquarters and told their story to Captain Mackan. Mackan directed Patrolman Marion Tatham to accompany the youths in a search for the man while he went to the Spot restaurant to recover the check.

Within 10 minutes Patrolman Tatham had found and arrested a 23-year-old suspect, who was immediately identified by the boys, and returned him to headquarters where he was jailed for investigation. Police report he had spent $16 of the money from the check when arrested in front of the Black Forest grill.

Captain Mackan then visited the real Charles O. Brady who lived upstairs over the suspect's flat on West Center street. Brady told police he didn't know the check had been stolen for he was not expecting it in the mail. It was a refund for overpaid income tax.

Admits Guilt to Police

Police report that under questioning at headquarters the man admitted taking the check from Brady's mail box and verified the boys' account of the forgery.

The prisoner has been employed here as a track worker for the Pennsylvania railroad, police report. He was questioned yesterday by postal inspectors and is being held in city prison pending the filing of charges by the U. S. district attorney. Local authorities believe that two charges may be filed against him, forgery of a government check and robbing the U. S. mails. Investigation of the forgery charge will be the duty of treasury agents while all mail charges are investigated by postal inspectors.

Dr. Clausen To Address Harding Seniors Tonight

MISS JOANNE ANDERSON

Valedictorian — Scored a perfect 4-point grade average for four years in high school.

MISS MARY JANE RALPH

Salutatorian — Just a trifle short of perfect record with average of 3.963 points.

• • •

Final plans have been made for the seventy-sixth annual commencement exercises of Harding High school to be held tonight at 8 o'clock in the Chautauqua pavilion in Garfield park.

Delivering the graduation address will be Dr. Bernard C. Clausen of Cleveland, pastor of the Euclid Avenue Baptist church in that city. His subject will be "Intelligent Failure."

The processional, "Pomp and Circumstance," Elgar, and the recessional, "March" from "Queen of Sheba," Gounod, will be played by the Harding High school orchestra, under the direction of Homer Huffman. As special numbers, the orchestra will play "Angelus" from "Scenes Picturesque," Massenet, and "Dance of the Hours," from "La Gioconda," Ponchielli. Special music will also be presented by the Harding a cappella choir, directed by L. G. Jones. Their numbers will be "All the Things You Are," Kern-Ringwald, "Comin' Through the Rye," arranged by Simeone, and "My God and I," Sergei, with incidental solos by Betty Weiser, Polly Biggert and Jim Rea.

Invocation by Rev. Holloway

Singing of the National Anthem by the audience will open the program followed by the processional, after which the invocation will be given by Rev. I. B. Holloway, pastor of Trinity Baptist church.

Lester L. Dickey, superintendent of Marion city schools, will introduce the speaker, Dr. Clausen, the presentation of the class will be by A. C. May, principal of Harding, and E. Paul Bachman, president of the board of education, will present the diplomas to 282 graduates.

The class song, words of which were written by Joyce Snyder, a senior, will be sung by the class following the presentation of diplomas, and the benediction will be by Rev. R. A. Maugans, pastor of Fite Memorial Baptist church.

Dr. Clausen, a noted speaker, gives a number of commencement addresses in high schools every spring and speaks annually in the chapels of eastern colleges. He is a graduate of Colgate university, 1915, and Union Theological seminary, 1918, with a degree of doctor of divinity from Syracuse university and doctor of humane letters from Alfred university.

Chaplain in Navy

During World War I, he served as chaplain on the U.S.S. North Carolina, making 20 trans-Atlantic trips, guarding troop ship convoys against submarine attacks.

In the past, Dr. Clausen has been pastor of the Baptist church at Hamilton, N. Y., ministering to the students of Colgate university, and of the First Baptist church of Syracuse, N. Y., and of Pittsburgh, Pa. In all of these places he specialized in campus religion and contacts with young people. Dr. Clausen is the author of more than a dozen books, has been a pioneer in radio broadcasting and is now involved in experiments looking forward to television and its use of religion.

Dr. Clausen led his church in formal action which joined his congregation to the United Nations during its first year, and has since cooperated with the entire program of World Citizenship. He is now on the staff of Station WEWS, the first television FM broadcasting station in Ohio, with studios around the corner from his church, where he is responsible for daily religious programs.

The annual senior dance will be held at the Marion Country club following the commencement exercises.

New Columbia Flood Starts

Head-Waters Trouble Brews With Downstream Dikes Still Threatened.

By The Associated Press

PORTLAND, Ore., June 3—The Columbia river system spawned a new flood in its head-waters today. Crest of the old one still threatens to punch out weakened dikes far downstream near the sea.

Warning of the new flood abuilding came with residents of Oregon, Washington, Idaho, Montana and British Columbia near exhaustion from their two-week battle against what is already the river's most disastrous rampage.

All along the 1,000-mile course of the great river from the Canadian Rockies to the Pacific, water-logged cities and farm communities braced themselves for the new onslaught—if they weren't too busy fighting off flood waters already at hand.

The old crest was rolling down the last 40 miles of its course of death and destruction to the sea. This still was a critical area.

Work On Dikes

Regular Army troops, National Guardsmen and civilian volunteers worked on soggy dikes only inches higher than the churning waters from Clatskanie on the Oregon shore to the stilt-supported fishing center of Astoria at river's mouth.

Again this morning—as yesterday—the danger of break-through was multiplied by a high tide coming up the river.

It was touch and go. Workers strained to build up the earthworks protecting the fertile lowlands. Their fight was against

RAIL UNIONS PLAN NEW PAY DEMANDS

By The Associated Press

CLEVELAND, June 3 — The wage and rules committee of two railroad brotherhoods will meet in Chicago June 14 to consider new pay demands on the nation's carriers.

This announcement came today from an official of the Brotherhood of Railroad Trainmen, one of the unions involved. The other organization represented will be the Order of Railway Conductors, he said.

The official, declining use of his name, said a committee of from 12 to 15 would confer "a day or two" on pay increase proposals and new changes in working rules.

25 PER CENT SLASH ADVISED BY COMMITTEE

ECA Chief Hoffman Protests; Hot Debate in House Expected.

By The Associated Press

WASHINGTON, June 3—A 25 per cent cut in funds for the Marshall plan and other foreign aid programs was urged today by the house appropriations committee.

The committee sent to the house floor for probably hot debate tomorrow a $5,980,710,228 global assistance measure.

This is a reduction of only $553,000,000, or 7.5 per cent, in the amount congress itself authorized and President Truman asked.

But the effect is a one-quarter slash for this reason: the authorization law provided that the money could be spent during 12 months. But the committee said the cash it is willing to put up must be stretched out over 15 months.

Slightly more than $5,000,000,000 of the total asked had been budgeted for use during the 12 months ending next April 3, or at the rate of $417,000,000 per month.

The committee trimmed that total to $4,663,000,000 for 15 months, a spending rate of $311,000,000 monthly.

Hoffman Objects

Informed of the committee's action, Economic Cooperation Administrator Hoffman promptly called for the full $4,245,000,000 requested for his agency. The committee pared the European recovery item to $4,000,000,000.

"The less money we have, the less recovery we can expect to get," Hoffman told a news conference.

He said he "certainly hoped" final action by congress would provide the full sum. With the funds already made available for ECA, that would supply the $5,300,000,000 original proposed for the Marshall plan.

Other funds in the bill were cut $150,000,000 with the money to be spent during a 12-month period as originally planned.

Proposal Explained

In explaining the cuts and spreading out the spending period, the committee said the programs contemplated "will not permit the expenditure of more funds than has been provided * * * on an intelligent basis" before July 1, 1949.

Should an emergency arise before then, it added, congress will be in session again next January to take action.

In summary, here's what the committee recommended to finance the economic recovery act passed by congress two months ago:

Economic cooperation administration, for aid to 16 non-Communist European nations and western Germany—$4,245,000,000 asked, $4,000,000,000 recommended. Congress had authorized $5,300,000,000 for ECA and already has made available $1,035,000,000.

Aid to Trieste—$20,000,000 asked as a separate item; the committee recommended that this come from the general ECA allotment.

Assistance to Greece and Turkey—$275,000,000 asked, $200,000,000 recommended, with no stipulation as to how the cut should be applied.

Aid to China—$400,000,000 requested and granted.

International children's emergency fund—$60,000,000 requested and granted.

Government and relief in occupied areas, administered by the Army—$1,400,000,000 asked, $1,250,000,000 recommended.

International Refugee Organization—$70,710,288 asked and granted.

Export of 9 Per Cent Of Steel Forecast

By The Associated Press

WASHINGTON, June 3 — The commerce department estimates that 9 per cent of this country's steel supply will be exported during the period between April, 1948 and June, 1949.

This would be about one and three-tenths per cent less than in 1947, a house appropriations subcommittee was told in testimony made public today.

The department estimates that more than 76,000,000 tons of finished and semi-finished steel will be available domestically during the April, 1948-June, 1949 period.

Of this amount approximately 6,879,000 tons will be exported. Of the total exported, the department's estimate showed, about 2,517,000 tons will go to the 16 nations participating in the foreign aid program.

The committee also was told:

1. The nation lost about 9,000,000 tons of steel because of the coal and steel strikes of 1946.

2. About 1,500,000 tons of steel ingots have been lost because of

900 SEEK JOBS THROUGH OSES

Work Hunters Up 60 Per Cent Over Year Ago, Local Office Reports.

About 900 persons are seeking employment through the local employment service at the present time, Fred B. Scherff, manager of the Marion OSES office, said today in issuing a current report on the local labor market.

The figure which includes a surplus both in male and female workers is 60 per cent higher than that of a year ago and has been in excess of the 800 mark since the beginning of the year, Mr. Scherff said.

More than three out of every four men are under 45 years of age. One-half the 287 women seeking employment are below 35. One-third of the men are semi-skilled and one-half are evenly divided between skilled and unskilled workers. About 10 per cent of the women are skilled—mostly sewing machine operators. Two-thirds of the women registered are either semi-skilled or unskilled. One-fifth are service workers.

Mr. Scherff stated that were it not for shortages of steel, the demand for workers would be greater. Even though there is a surplus of workers, there are openings unfilled because of the lack of workers experienced in definite skills. Some jobs difficult to fill include maintenance electricians, automobile mechanics; salesmen for insurance, real estate, building equipment, and hardware firms; molder operators in lumber; and railroad-track workers. Within 30 days there should be a considerable demand for construction workers. Calls for women largely specify waitresses, stenographers, and household workers.

The average weekly volume of persons claiming unemployment benefits totaled 489 last month—a decline of 4.8 per cent from April. Despite the decline, the May average was more than twice the volume one year ago, OSES reports reveal. The recent dip was contrary to the continued upward trend in job seekers registered with the OSES. It was explained as the result of workers obtaining short-time seasonal jobs or construction jobs and not claiming benefits.

Wesleyan Service Guild Meets with Mrs. Starner

The Wesleyan Service Guild of Prospect Street Methodist church was entertained Tuesday night at the home of Mrs. Loren Starner on the King pike northwest of Marion. Serving as associate hostesses were Mrs. Carrol Starner and Mrs. Kenneth Hecker.

Twenty-five members responded to roll call. The nursery which was started in the church by the Guild the first of June was discussed, and "mite" boxes were collected and then distributed again to be turned in the first of January.

Plans were made to send two delegates to the Ohio Conference Guild Weekend to be held July 17-18 at Camp Sabina at Sabina, O.

Devotions on a patriotic theme were conducted by Miss Ruth Schott. The theme was discussed by Miss Schott, and Mrs. Adeline Heclo read a poem. The program topic was presented by Mrs. Jack Gooding.

The next meeting will be a picnic on July 6. Miss Josephine Ruth and Mrs. Roland Schaber were named on a committee in charge of arrangements for the picnic. Guests were Mrs. Wilma Mitton and son, Timmy, Carolyn Brooks, Stephen Risch and Jane Starner.

D. OF U. V. MEETING

The Daughters of Union Veterans met at the YMCA Tuesday to celebrate the members whose birthdays occurred during the last four months. Mrs. Daisey Hollenbach, Mrs. Effie Noe, Mrs. Rosella Babbs and Mrs. Alma Anderson presented the program. A guest was Mrs. Mary Cox of Erie, Pa.

GI AND FIANCEE WITH THEIR CUPID. Pfc. Graydon Morfitt (right) of Huston, Tex., and his French bride-to-be, Georgette Bertaud, leave Ellis Island ferry with James Mont, New York interior decorator, who played cupid to the couple. Morfitt didn't have the $500 bond for Georgette's release from Ellis Island. Mont, who read of the case, put up the bond, arranged to buy the wedding ring and vacated his Manhattan apartment so couple can honeymoon there.

AIM TO BUILD MODERN BRAZIL

Five-Year Development Plan Considered; Would Cost Nearly Billion.

By The Associated Press

RIO DE JANEIRO, June 3—Brazil's congress is studying a five-year development plan aimed at building a modern nation in which nearly a billion dollars would be spent.

The program, dubbed the Salte plan (from the initials of the Portuguese words for health, food, transport and power) was authored by a large group of congressmen from all political parties. It is intended to raise from backwardness a nation of 50,000,000 inhabitants, the largest country of Latin America in both area and population.

"We are a half-century behind progress and civilization," the committee said in its introductory report. "If we wish to give a better future to our coming generations, this plan will save us."

The plan was chiefly inspired by the opposition which now supports the coalition government of President Eurico Gaspar Dutra. In a recent message to congress President Dutra urged approval of the plan.

Total expenditures under the plan now are estimated at $870,000,000 of which $131,000,000 would be spent on the health project; $185,000,000 on the food project; $401,500,000 on transportation and $152,500,000 on power development.

Health Problem Urgent

One of the chief aims of the health project is to check the rise of infant mortality which has become the ghost of the Brazilian people. In Fortaleza, a city of 200,000 statistics show that 879 babies died of each 1,000 born in 1946.

The health project also is aimed at improving the average level of adult health.

The report said that 4,600,000 people in 312 municipalities are deprived of medical assistance. It estimated that 36,000 nurses were needed for Brazil's 18,000 doctors, but only 8,457 were available in the nation's 1,407 hospitals.

The food project will seek to mechanize wheat, rice and corn cultivation. Emphasis will be laid on training of technicians to handle farm machines. A rural bank will be created, wheat, corn and rice acreage will be developed on a large scale and better technical assistance given to the production of sugar and coffee.

Would Rebuild Railroads

The transportation project outlines a vast plan of rebuilding and improvement of all the country's railroads.

Next in the Salte plan is the power project. Brazil has some of the most powerful waterfalls of the world, which the plan envisions as a supply of cheap electricity to the farms of vast rural areas.

The Arabs Must Be Kidding

THE ARAB League's demand for maintenance of political unity in Palestine as a condition of armistice is a bad joke.

There has been no political unity in Palestine in the Christian era, other than the appearance of unity enforced by whatever outside power happened to be in temporary control of the area.

When Great Britain withdrew its troops last month, even the appearance of unity vanished. Palestine, populated by groups having no recognized authority, drifted inevitably into civil war. It must be remembered that the Arab part in the war is financed and manned by Arabian governments outside of Palestine; there is no Arabian government in the area itself. There is, however, a government of Israel, given diplomatic recognition by the United States.

This government does not seek authority over all parts of Palestine. It does not assume the right to govern Arabs who are opposed to it. It apparently has no ambition to do what never has been done in Palestine since the ancient kingdoms of Judah and Israel—to establish a central authority in Palestine. It is a government for the Jewish people in the area—a government that came into being when Britain withdrew its troops and left the Jewish minority unprotected.

For the Arab League to talk about maintenance of political unity under such circumstances is preposterous. If the claim is not a bargaining point, it must be the Arabian version of kidding.

Four Heroes Honored

THE postoffice department has issued a stamp commemorating the four heroic chaplains who sacrificed their lives in order that four soldiers might live when the transport Dorchester was torpedoed in 1943. The chaplains were Rev. C. V. Poling and Rev. G. L. Fox, Protestants, Rev. Fr. J. P. Washington, Catholic, and Rabbi A. G. Goode, Jewish.

It is just that this heroism be permanently inscribed in the nation's annals, but beyond their sacrifice is a lesson, too. When the Dorchester was torpedoed, four men were without life preservers, even though it is a cardinal wartime rule that personnel at sea must never be without them. The chaplains gave up their life preservers so that four who disobeyed orders might live. They died because four soldiers were being sent into a war zone without having acquired, in their civilian careers or in their military training, an understanding of the importance of obeying orders for personal safety and the common good.

Opening the Danube

SECRETARY MARSHALL'S proposal to Russia to open the Danube river serves to recall that the Danube once was an artery of commerce open to ships of all nations. That was its status from 1859 until World War I. From 1919 until 1939 Russia was excluded from the international river commission after the Reds seized Bessarabia in 1940. Through traffic ceased.

Today the Danube is in Russian control, except for its upper reaches, which in themselves constitute an important artery of commerce. But the Danube, open for its navigable length to ships of all nations, would be an important factor in European recovery. To this end, Secretary Marshall has proposed that a conference be held July 30 in Belgrade. Based on past experience with Russia, the proposal hasn't much chance of evoking more than the usual rejection.

High Waters in the Northwest

UNTIL a crest of water roared toward the Pacific causing great damage, Americans east of the Mississippi forgot that the west coast also has flood problems.

The Columbia, which has devastated Vanport, Ore., is one of the world's great rivers. Fed by the Snake, Okanogan, Wenatchee, Yakima, Walla Walla, Umatilla, John Day, Deschutes and Willamette rivers, it sends a normal flow of 280 000 cubic feet per second into the Pacific. This is eight times the flow of the Colorado at Yuma and nearly double that of the Nile at Assouan Dam. The Columbia is open to seagoing ships for 206 miles.

Floods on the river's lower reaches are aggravated by tides perceptible 130 miles upstream. Because the river has a fall of 1,000 feet in 400 miles, it is a great source of electric power. The last few day's developments indicate that the Pacific northwest must give thought to flood control as well as the Columbia's turbine-turning potentialities.

Scanning the Record

By George E. Sokolsky

Getting the Facts About Public Officials.

FRANK OWEN, editor of the Daily Mail of London, when he was in New York recently made a very interesting point:

"In the British house of commons we have an old custom—and I think—a good one. It is this: Whenever a member wishes to take part in a debate he is expected to declare his own personal interest in the matter, especially if it should be a money matter. Then the rest of the house knows exactly where he stands and can decide why."

SOKOLSKY

We have no such custom in the United States either for elected or appointed officials. They keep their affiliations secret and they generally remain secret until a scandal breaks or some nosey columnist or indignant editor exposes what could have been a legitimate relationship if it were not secret. In fact, from a practical standpoint, it would be better for government officials and members of congress to have had some personal experience apart from the single business of getting a job in the government or running for office. They might then have a more balanced and mature view of public problems.

Wrong Viewpoint

President Truman is not accurate in his appraisal of his constitutional obligations to keep secret the records of his appointees. Mr Truman assumes that when congress demands such information, it is invading the executive prerogative. Actually, the president is forgetting that his appointments must be confirmed by the senate, and that the senate can refuse to confirm any or all of them without giving the slightest explanation. The senate has that power constitutionally—and there is nothing the President can do about it.

Mr Truman is counting on the cowardice of the senate, which is still accustomed to stretching the Constitution as was customary during the heyday of the New Deal. Therefore, Mr. Truman assumes that the senate will confirm his appointees with or without adequate information to justify such confirmation. If the senate had refused to confirm Mr Harriman as roving ambassador attached to ERP, because as secretary of commerce he declined to give congress the information it wanted, Mr. Truman would have discovered how the Constitution can work.

Error In Veto

Mr. Truman's veto of the loyalty bill requiring the FBI to investigate such appointees as congress desired to have investigated and that such records be turned over to congress, was utterly unreasonable. Because of the confirming power of the senate, it obviously has the right to say that it wants to know whom it confirms, what is the man's record, what are his affiliations. Actually, the senate has often held prolonged hearings prior to confirmation, as it did with Ed Flynn, of the Bronx, and Ed Pauley, of California. But often such hearings do not provide the required information.

For instance when Harold Ware organized his Communist cell in 1934, he chose men, some of whom eventually held positions of the greatest importance in government, including one under-secretaryship. The senate would never have confirmed any of these appointees if it had had before it the record of affiliation of these individuals. But no senate committee and only the Thomas committee in the house has the staff trained to discover such affiliations. The FBI has it all in their files. Why not put the FBI files at the disposal of congress?

Not As Originally Intended

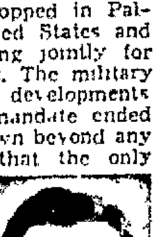
Mr Truman carries the separation of powers too far. It was the intention of the founding fathers that the powers of government should be so separated as to avert tyranny. It was never intended that such separation should produce confusion and anarchy. As a matter of fact, it is the function of congress to organize the executive branch of government and to pass the appropriations for the executive branch. The genius of the men who wrote the Constitution lay in the fact that they prevented any one branch from doing the entire job alone, one branch being dependent upon the other, one branch being required to cooperate with the other.

Mr Truman as a former senator should have known all this but maybe his new brain trust, which includes Sam Rosenman, who long advised Mr Roosevelt, is counselling him to make congress a "rubber stamp." It won't work, Harry. Not this year!

Way To Stop Palestine War

By Walter Lippmann

WITHOUT counting any chickens that are not yet hatched, it is now clear that organized warfare can be stopped in Palestine by the United States and Great Britain acting jointly for the United Nations. The military and diplomatic developments since the British mandate ended on May 1 have shown beyond any reasonable doubt that the only forces capable of fighting a serious war in Palestine are the Haganah and Abdullah's legion. The Egyptian incursion, the Syrian and Iraqui Raids, are of minor importance and can easily be dealt with if there is no war between Trans-Jordan and Israel.



LIPPMANN

To achieve an armistice and then peace in Palestine is a matter primarily of imposing an armistice and negotiating a treaty between Trans-Jordan and Israel.

The crux of the problem has been to induce Mr. Bevin to use his influence in Trans-Jordan to bring about an armistice and a treaty of peace. There are good grounds for hoping that not only American diplomacy in London but even more than that the pressure of influential British opinion have been persuasive. The scandal of a British satellite army defying the United Nations had to be ended, and we may be confident that it has been.

There is now in sight the main outline of an honorable settlement which will fit the vital interests of all concerned: Namely, the expansion of Abdullah's kingdom up to the partition line, except for the international enclave of Jerusalem; a treaty of peace and alliance between the enlarged Trans-Jordan and the state of Israel, and then a confederation with economic union between them. This would bring into existence a middle eastern commonwealth which would be under the joint protection of Great Britain and the United States. Instead of Britain and America being divided over Zionism and Pan-Arabism they would be brought together in the common task of establishing security and promoting prosperity in the central strategic position of the Middle East.

No Threat

The development of this mixed confederation would not threaten any other Arab state. It would not threaten Egypt—how could it? It would not threaten Iraq with which Abdullah is closely connected by dynastic ties. It would not threaten Saudi Arabia which is far away and moreover under American protection. The large Christian minorities and the Druses in Lebanon and Syria will be far more secure as the neighbors of a mixed confederation than they could ever hope to be if Palestine were to become a province of a Pan-Arabian empire.

In the public controversy which has grown up around British and American policy in Palestine, the argument has often degenerated into charges that the American attitude is determined by the Jewish vote and the British attitude by imperialism and oil. It would be well to stop these recriminations and to recognize that the real question underlying all the others is whether the vital interests of Britain, America, and the western world in the Middle East can be safeguarded by a policy founded on the Arab League.

Purpose of League

There are Englishmen and Americans who believe that this can be done, and apparently Mr. Bevin has been one of them. But there are others in Britain and America who take the view that the Arab League is an artificial structure which is held together only by arousing fanatical animosity against the non-Arab world, first against France, then against Zionism, then against Britain and America. Those who differ with Mr. Bevin and with some of our own officials in the State Department argue that to appease and promote the Arab League will mean in the end the expulsion of all the western nations from the Middle East. They regard a policy based on the Arab League as a fatal misconception, destined to lead not to the safeguarding but to the destruction of British and American vital interest.

They hold that the sound policy in the Middle East is to deal firmly and justly but separately with Trans-Jordan, with Egypt, with Saudi Arabia, and not to deal with them as a unit. For they are politically united only in so far as they ignore their real differences because they are aroused temporarily against the outer world. The political condition of the Middle East is much too primitive for the formation in this generation of a peaceable confederation of Arab states, and therefore a policy which rests on the assumption that such a confederation exists, or is about to exist, can lead only to frustration, disappointment, miscalculation and perhaps disaster.

Vitamins Make Rice A Beri-Beri Weapon

By The Associated Press

MANILA—Something new has been added to the rice on Bataan—vitamins!

It's part of the campaign against beri-beri which is being waged by Brig. Gen. Howard Smith of the U. S. Public Health Service.

Twenty-five thousand people in the Philipines die of this disease every year.

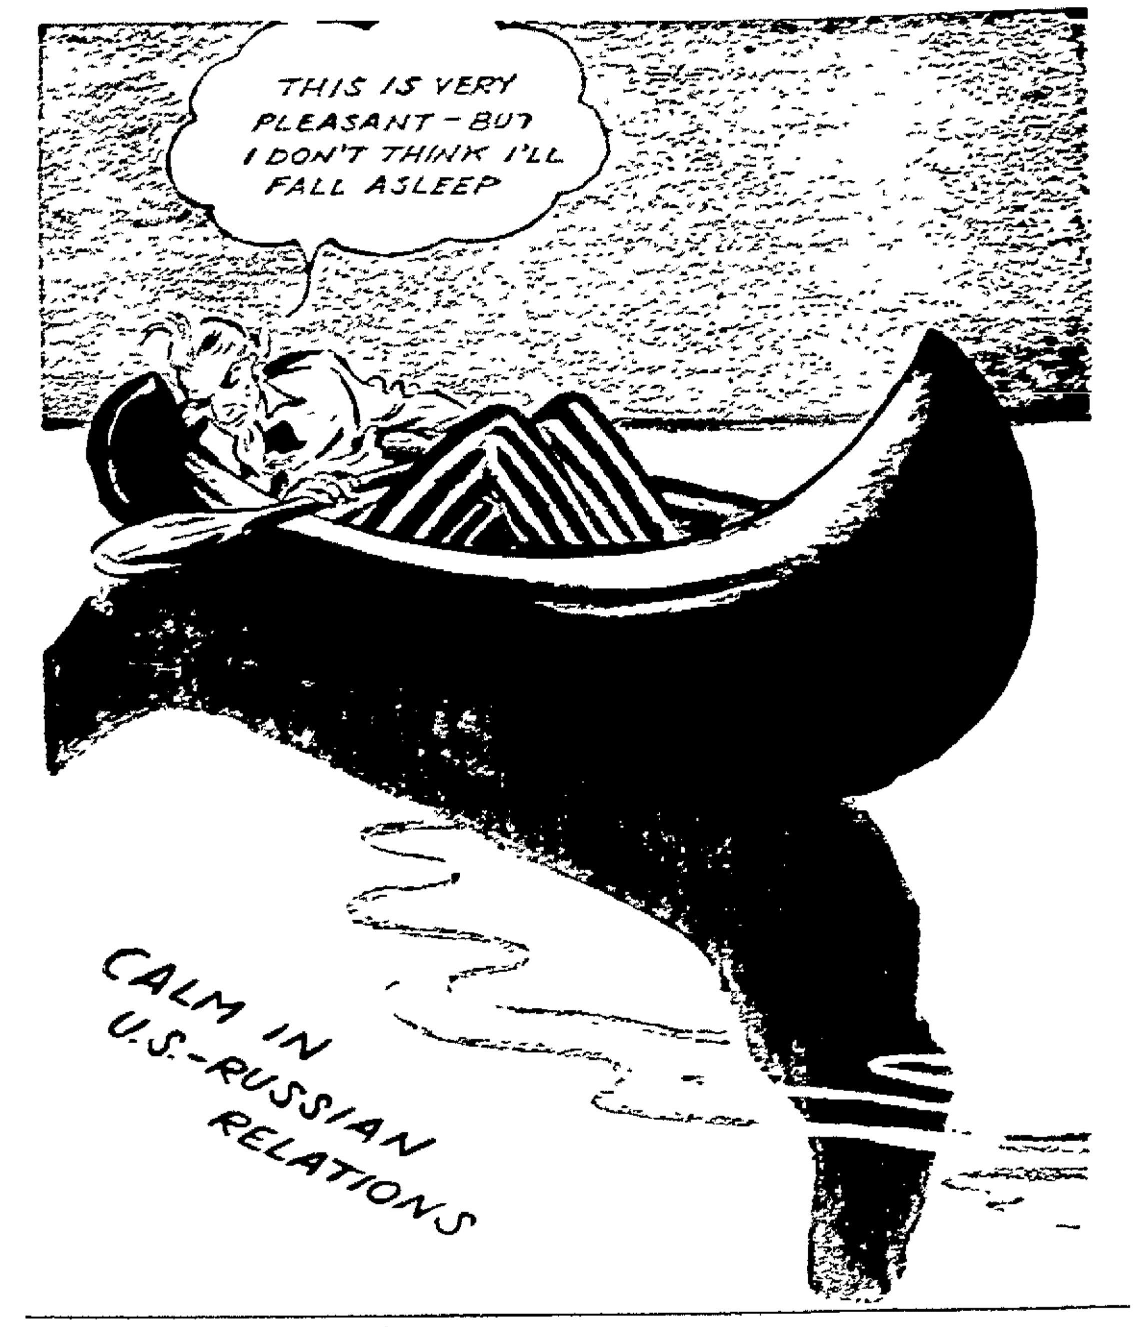
Under the vitaminizing program rice grown in the United States undergoes a special process whereby vitamins B-1, B-2 and iron are added. The rice is then dried and mixed again so that the vitamins won't wash out. It is then transported to the Philippines, there to be distributed to various mills.

Filipino farmers, who bring their rice to any one of Bataan's 20 mills, have it mixed there with the vitamin-fortified rice from the United States. One grain of treated rice is added to every 200 grains of ordinary polished rice.

Gen. Smith hopes to install processing machines in the Philippines within the next six months.

The one who will be found in trial capable of great acts of love is ever the one who is always doing considerate small ones.—F W. Robertson.

Taking No Chances



THIS IS VERY PLEASANT—BUT I DON'T THINK I'LL FALL ASLEEP
CALM IN U.S.-RUSSIAN RELATIONS

From News of Other Years

TEN YEARS AGO

It was Friday, June 3, 1938

In his first statement on public affairs following his return from an eastern trip that took him to Washington as a White House visitor, Henry Ford said in an interview at Detroit that nothing had happened in recent weeks to change his conviction that "we are going to have the greatest era of prosperity and happiness we have ever known."

The Duke and Duchess of Windsor, living temporarily at Antibes, France, celebrated their first wedding anniversary by working on their first real home near that city.

The hope of America in the future is not along easy ways but along paths of discipline, struggle and hardship with a great divine motive in the background, Dr. Charles F. Wishart, president of the College of Wooster at Wooster, told the 276 graduates at the annual commencement exercises of Harding High school. An audience of 1,800 attended the exercises held in the Chautauqua pavilion. Dr. Wishart's subject was "Life as Three Poets View it."

Mrs. Arthur Deily of Pittsburgh, who was visiting Mrs Frank Garfield of South Seffner avenue, was an honor guest when the Eastside Mother Singers entertained with a dinner at the Center tearoom.

Miss Othoela McClenathan, whose marriage to Melvin Hetrick of Fremont was to take place the following June 12, was given a miscellaneous shower when the faculty of the Oak Street school where she had been teaching met for luncheon at Hotel Marion. Present with the honor guest were Miss Alice Sneckenberger, Miss Sophia Mack, Miss Geneva Terry, Miss Lottie Touchman, Miss Mary K. Ward, Miss Jean Witt, Miss Cleo Haberman and two former members of the faculty, Mrs. Harry McColly and Miss Clara Alice Wilson.

TWENTY YEARS AGO

It was Sunday, June 3, 1928.

In the long drawnout fight against Sunday motion motion picture shows here the scene of attack shifted from the court of common pleas to the probate court, where affidavits were filed against 15 persons before Judge Louis B. McNeal charging them with participation in presentation of a theatrical production on Sunday. The affidavits were against owners, managers and employes of the Grand, Oakland and Princess theaters.

Mr. and Mrs. M. D. Mathiot of Chicago were visitors at the home of Mr. and Mrs. W. E. Mathiot of Bexley avenue.

Mr. and Mrs R. W. Kauble of Cleveland avenue and Mr. and Mrs. Oscar McElhaney of Pearl street were guests of relatives in West Union and Portsmouth.

A group of friends made a surprise call at the home of Mr. and Mrs. O. F. Layman of Uncapher avenue in celebration of their birthday anniversaries.

Miss Christine Rieck was hostess to members of the Quest club over the weekend at her Rye Beach cottage, "Dil-Aran."

Miss Bernice Marie Howison and Carl G. Hetzner were united in marriage at the home of the bride's parents, Mr. and Mrs W. G. Howison of Richwood, by Rev. Achterman, pastor of the Reformed church at Prospect.

Daily Bible Thought

It is foolish to pull against the power of gravity. Better work with it rather than against it. There certainly is a moral gravity. Trust it.—Ps. 146 5 "Happy is the man that hath the God of Jacob for his help, whose hope is in the Lord his God."

Hunting the Farm Vote

By Raymond Moley

THE hunting season for the farm vote is now open. The method in this old political game consists entirely in making promises. In this respect, the political technique in appealing to farmers differs from that adopted in pursuing labor or business votes. If a candidate promises higher wages, employers are antagonized. If higher profits are promised, labor wanders away.

In most years it is easy to promise higher prices to farmers, because the impact is diffused and does not directly fall anywhere. This year, however, every consumer is highly sensitive to food prices. Thus, the promise of higher farm income must somehow be coupled with some ingenious plan to saddle the government with the cost. The various presidential candidates are having trouble finding ways to make bricks without straw.

MOLEY

Henry Wallace is, of course, little concerned with the farm vote this year. His appeal is to workers and other city dwellers. However, his proposal to increase ERP payments to $50 000 000 000 raises farm hopes. His notion of an ever-normal granary for all nations is presumably not a political argument at all but a bit of personal fancy.

Taft States the Truth

Senator Taft, in his usual honest fashion, has stated the truth that the parity formula will have to be revised. This has been interpreted as a suggestion of a downward revision, and it has hurt him in primaries but has increased his stature as a statesman.

Taft has had to follow Dewey in promising a continued support of farm prices. To do otherwise would be to commit political suicide. Both Taft and Dewey follow the bills drafted by the senate agriculture committee, which are revisions of Senator Aiken's plan. That plan is to continue price support for a year and a half and to make price support more flexible. It also proposes an extended soil conservation policy.

Stassen has sought to make his promise more attractive by including farm labor in the determination of parity prices. This would lift parity prices considerably, especially if farmers could include not only wages paid out, but the equivalent of wages for their own and their families' labor.

Position of Advantage

President Truman, of course, is in a position to make promises more immediately effective. The administration has already promised to deliver wheat for export at a lower price than our present support price. The new support price is approximately $2 25 a bushel. The international wheat agreement, which will probably pass the senate before recess, envisages an export price of $1.50 to $2 a bushel for 1948-49, decreasing in succeeding years to a minimum of $1 10 to $1.50. This means heavy subsidies which will be secreted in the ERP billions.

The trouble with the administration program is that our chances for food exports are decreasing because of larger crops abroad. If the international wheat agreement remains over the next few years we may have no wheat problem. But surpluses of other commodities are due, if support prices remain high. None of the candidates have anything to say about this possibility. Presumably, they hope that election may be over before the emergency ripens.

Electric Eye Guides Newest Elevator

By The United Press

BOSTON — An ultra-modern elevator with a private cockpit for the operator has been developed for a Boston store.

The operator will ride in a compartment extending from the right hand wall of the car, with its floor one foot above the regular passenger level.

That position will give the operator an unobstructed view of the elevator entrance and make it easier for passengers to get on or off without having to work their way around the operator.

There are other innovations in the elevators, designed by Westinghouse. Five electric eyes will keep doors from shutting as long as a passenger's body breaks the beam.

The operator will not announce floors. That will be done by wire recordings through loud-speakers in each car. The doors will be opened by electricity as a car stops at a floor.

Westinghouse said the elevators would travel 500 feet a minute.

The Once Over

By H. I. Phillips

Talk About Friends!

My popularity now soars
Some ninety points or more;
I'm getting visits from some folks
I never saw before;
My neighbors have a super smile
And it's the one I get
For they have found that I possess
A television set!

II

The man upstairs was icy cold
But now he is my pal;
The woman who resides next door
Is such a friendly gal;
Joe Bates who never noticed me
Now has a warm "Hello";
He is a buddy through and through
For I've a video!

III

The Whippenstalls across the street
Are like some lifelong friends;
Bill Potts who never grinned at me
Now his right hand extends;
The Jiggerpees from up the street
Give me a frequent buzz . . .
Oh, it is truly wonderful
What television does!

IV

I used to be in bed by ten
But now it's nothing new
If I'm kept up 'til one o'clock,
Or even half-past two;
My home a peaceful dwelling was
But now disorders grow,
With every passing hour, for
I own a video.

V

We used to sit and wonder why
Nobody called on us;
But now the line forms on the right
And strangers come by bus!
The dog would bark at footsteps but
He now sighs "What's the use?" . . .
He knows our television is
A visiting excuse

VI

I used to know my friends by name
And understand each call
But, oh, the faces that today
I simply can't recall!
My furniture a beating takes . . .
The wife says it's a shame.
But what is home except a place
To see a baseball game!

VII

The beer used to last a month—
It now goes in a night:
The chance to keep some liquor in
My cellar now is slight:
I think I'll run for president
And should win easily . . .
Since video, the world and I
ARE ONE BIG FAMILY!

Among the out-of-town parties being given for Miss Virginia Bianchi, a bride-elect of Saturday, was the shower at which Mrs. Helen Tooley of Sandusky was hostess Saturday evening at the home of Mrs. Arthur Wintersteller in Huron. Awards in games were won by Mrs. Charles Roeder, Mrs. Adolph Wintersteller, Mrs. Sam Bianchi, Mrs. Maurice Fout, Mrs. Harold Martin, Mrs. Robert Hiss, Mrs. Alden Voight and Miss Alma Uhl. Miss Bianchi found her gifts in a blue and yellow decorated wagon in which was a bride and bridegroom beneath an umbrella, in the garage. She was presented a set of hand-painted dishes from the guests. Luncheon decorations were in Miss Bianchi's colors and centering the large table was an arch and bell beneath which was a miniature bride and bridegroom on a mirrored plaque. At either side was a bouquet of blue and yellow iris. Places were marked with nosegays caught with matching ribbons. The hostess was assisted by Mrs. Wintersteller, Mrs. Maurice McGory and Mrs. Voight.

Guests included Miss Bianchi, fiancee of Alden A. Wintersteller, Mrs. Sam Bianchi, Mrs. Adolph Bianchi and Mrs. Robert Hiss of Marion, Mrs. Maurice Fout of Lorain, Mrs. Charles Roeder, Mrs. Harold Martin and Mrs. Richard Bores of Monroeville, Mrs. Adolph Wintersteller, Mrs. Mamie McGory, Mrs. Nina McGory, Mrs. Alden Voight, Mrs. Charles Feaga, Miss Marilyn Feaga, Miss Theresa Uhl, Miss Alma Uhl and Miss Janet Muehling of Sandusky.

For the pleasure of Miss Mary Webb, a bride-elect of June, a miscellaneous shower was given by women employes of the service department of the Universal Cooler last week. The affair was held in the home of Miss Jacqueline Williams of 523 Summit street. The shower gifts were found on a large table centered with a three-tier wedding cake topped with a miniature bride and bridegroom. Lighted candles, spring flowers and ribbons in Miss Webb's wedding colors of pink and blue composed the decorations. Honors in cards went to Mrs. Evelyn Curtis, and consolation to Mrs. Ralph Combs. Others present were Mrs. Helen Bartz, Mrs. Mabel Hart, Miss Reba Freeman and Miss Susie Ulano. Miss Webb will become the bride of Earl Hogan Sunday at 2 p. m. in Emanuel Lutheran church.

Mrs. Marjorie Little and Miss Florence McKinney entertained with a kitchen shower Friday evening for the pleasure of Miss Virginia Bianchi, a bride-elect of Saturday. Guests were invited to the home of Miss McKinney at 266 Silver street.

The honored guest found her gifts under blue and yellow streamers, and the rooms were decorated with bouquets of yellow daisies. The evening was spent socially and whoopee was played with honors going to Miss Joan Stuber, Miss Alice Benson and Miss Eileen Johnston. The bride-elect's chosen colors, blue and yellow, were carried out in the refreshments.

Present with Miss Bianchi, who is the fiancee of Alden Wintersteller, were Mrs. Samuel Bianchi, Mrs. Robert Hiss, Mrs. Robert Clements of Upper Sandusky, Mrs. C. V. McKinney, Mrs. Damon Carpenter, and Misses Joan Stuber, Vivian Bruno, Alice Benson, Eileen Johnston, Donna Lawler, Gertrude Lawler, and Pat Finnegan and Miss Donna Mae Emerson of Delaware.

A social event of double importance was a reception held at the home of Mr. and Mrs. Roy Cooper west of Marion Saturday evening. The affair was in honor of their daughter, Betty Jean, and her husband, Robert Schreck, son of Mr. and Mrs. G. E. Schreck of near Marion, whose March marriage was revealed recently. The ceremony for the couple was performed in Greenup, Ky., by Rev. W. P. Allen. During the evening, announcement was made of the engagement of Miss Juanita Soule, who has made her home with the Coopers, and William R. Kirby of Marion.

Covers were placed for 38 guests including an uncle and aunt of the bride, Mr. and Mrs. Joe Zeller of Cambridge, Mass. The bride's table was centered with a three-tier wedding cake decorated in pink and blue and topped with a miniature bride and bridegroom. Assisting in serving were Misses Jean Warner, Joan Roush, Darlene Seiter and Dorothy Wallace. It was announced that for the present, the bride and bridegroom will make their home with the latter's parents. Mr. Schreck is an employe of the Pollak Steel Co. Mr. Kirby operates a photo finishing establishment on East Center street.

Heads Arizona Jobs Daughters

In ceremonies conducted last night Miss Mary Foster, above, was installed as honored queen of Bethel No. 2, Jobs Daughters, at Tucson, Ariz. She is the daughter of Mr. and Mrs. Leroy E. Foster of 723 North Olsen avenue, Tucson, Ariz., former residents of Marion. Taking part in the ceremonies was her father who is a past worthy master of Mt. Gilead Lodge No. 206, F. and A. M.

Miss Foster attended Vernon Heights Junior High school before the family moved to Tucson in January of 1943. She was graduated from the Tucson High school in 1947 and is a sophomore at the University of Arizona School of Fine Arts where she is majoring in voice. She is a member of Delta Delta Delta sorority. She also attended grade school at Mt. Gilead and Upper Sandusky. In the summer of 1946 she was a YWCA cabin counselor at Camp Pittinger near Tiffin.

Miss Foster will be the third honored queen of the Arizona Bethel which was instituted May 3, last year, by Mrs. Ruth E. Lawrence of Balboa Island, Calif., supreme guide of the order. She and her sister Susanne, were among the 43 charter members.

Miss Foster is a niece of Mr. and Mrs. Marshall McKinstry of 765 South Prospect street, Marion, and a granddaughter of Mr. and Mrs. Melvin A. Campbell of Tucson, who recently returned to Ohio with their grandson, John Foster, to spend the summer at their home north of Martel. Before moving to Arizona the Foster family lived at 1062 East Center street here.

Wade Shows Coming As Navy Club Benefit

The W. G. Wade Shows of Detroit, Mich., will open Monday, June 7, for six days on East Fairground street under the auspices of the Marion Navy club, which is bringing the show here for the benefit of the Navy relief fund.

A special matinee for school age children will be held from one to six p. m. Saturday, June 12, before the final showing that night.

Although this is the Wade Show's 36th season on tour this is only its second visit to Marion, the show having visited here two years ago. Bad weather and wet showgrounds forced the cancellation of their appearance here last year.

The wedding of Miss Betty Harris, daughter of Mr. and Mrs. William Harris of 1025 Henry street, and Harvey J. Rasey took place Sunday morning in the parsonage of the First Church of the Brethren with Rev. Ellis Guthrie, pastor, reading the single ring ceremony at 3:35 o'clock. The bridegroom is the son of Mr. and Mrs. Harvey Rasey of near Marion.

The bride was attended by her sister, Miss Maxine Harris, and Robert Rasey, brother of the bridegroom, was the best man. For her wedding the bride wore a two-piece white gabardine suit with brown accessories and a corsage of red rosebuds. Her attendant was costumed in a light blue dress accented with white and white accessories.

The bridegroom served with the armed forces in World War II for 14 months, part of which was in the South Pacific. He is employed with the Marion Metal Products company.

The couple are making their home at 136 East Mark street and will take a postponed wedding trip in July.

Program Is Presented By Mt. Olive Grange

A program was presented by members of Mt. Olive Grange, under the direction of Mrs. Lydia Lauer, lecturer, at a meeting of Progressive Grange Tuesday night in the Grange hall.

Numbers on the program included group singing, recitation by Richard and Wayne Porter, duet by Suzanna and Tommy Reynolds, duet by Jane and Jean Uncapher, vocal solo by Paul Clay, clarinet solo by Dick Knachel, vocal solos by Lois Rothfuss and Esther and Marilyn Lindley, piano solo by Mrs. Mary Thorpe, a skit, "Ann Drives the Car," by Mrs. Purl Knachel, Dick Knachel and Lois Rothfuss, and several musical numbers and readings by Mr. and Mrs. Finch.

C. M. Gorby, master, presided for the meeting. Announcements were made of Pomona Grange meeting to be held Saturday night June 5, at Martel, and of the county-wide Grange memorial service to be held June 13 at Morral.

A potluck supper was served following the meeting.

City Police Report One Accident, Two Arrests

Police reported only one traffic accident and two traffic arrests in the last 24 hours.

Mrs. Oma N. Freshwater, 34, of near Marion reported to police that her car had struck an unidentified boy on a bicycle when he rode in front of her car as she was driving on Olney avenue at the Columbia street intersection. She said she believed the boy was uninjured for when she stopped to question him he hopped on his bicycle and rode away before she could get his name.

David Leon Swimm, 32, of 621 West Fairground street was arrested by police at 5:56 p. m. yesterday on North State street on a charge of driving a car with insufficient brakes. The car was held for his appearance in municipal court today.

Lawrence Robert Fridley, 22, of Attica, was arrested by police at 7:39 a. m. today on a charge of speeding on Mt. Vernon avenue. His car was held as bond for his appearance in municipal court today.

Deny Mistake Attack Made by U.S. Plane

By The Associated Press

WASHINGTON, June 3 — A chorus of official denials today met a report that an air force plane had mistakenly bombed the U. S. submarine Carp off the California coast.

Rep. Hugh D. Scott Jr., (R-Pa) told the house yesterday he understood the incident occurred about two months ago and that 50 of the submarine's crew had been hospitalized as a result.

But the Navy quickly denied the story.

"This is absolutely not so," said Vice Admiral Arthur W. Radford, vice chief of naval operations.

Air force officials joined in the denial.

WERE WED MARCH 20

GALION, June 3—The March 20 marriage of Mary Ann Jacobs, daughter of Mr. and Mrs. Robert Jacobs of Harding Way East road, Galion, to Delbert Gubernath of Bucyrus, son of Mr. and Mrs. Edward Gubernath of that city, has been announced here by the bride's parents. The ceremony took place at Greenup, Ky., with Rev. B. L. Allen, Methodist pastor, performing the ceremony. The bride was graduated from Galion High school this year and Mr. Gubernath attended school in Galion before entering the Navy. He was in service three years. The couple are now living in Bucyrus.

SCARCE, HIGH PRICED MEAT OUTLOOK SEEN

By International News Service

CHICAGO, June 3—Meat is going to remain high-priced and in short supply for the remainder of this year and probably until late next spring.

That is the consensus of meat industry spokesmen surveyed today by International News service.

They hold out no hope of respite for housewives weary and scarred in the "battle of the family budget."

Federally inspected meat production this year is estimated at 11 1/3 billion pounds, approximately 10 per cent under last year's total, but 12 per cent over the pre-war average.

Packing company officials say those figures tell the whole story.

A spokesman for one of the big four packers said:

"We're now producing more meat than we ever did before the war, but we're nowhere near catching up with the demand. Until we do you can't look for lower meat prices.

"Employment is at an all-time peak and people who couldn't afford meat regularly before now eat it frequently."

Norman Draper, an official of the American Meat institute, said that the next three months—July, August and September,—will see the shortest supply of meat. These are the months when, traditionally, slaughtering of meat animals is at a low.

He predicted that supplies would spurt again in the last three months of the years when farmers begin to send animals they have been feeding all summer to market.

The piranhas, man-eating fish of the Amazon are said to be able to devour a whole cow in five minutes.

Cleveland Labor Fed. Opposes Rent Raising

By The Associated Press

CLEVELAND, June 3 — The Cleveland Federation of Labor took a strong stand today against raising rents in this area.

In a resolution adopted last night, the federation censured the Cleveland area rent advisory board for ordering a survey to determine if rents should be increased in Cuyahoga and Lake counties.

The group, central body here of the American Federation of Labor, also demanded that the board hold a public meeting "to hear from organized labor" before it acts on the rent canvass.

Love's Perilous Path

By ADELE GARRISON

I knew from my father's eyes that he was having trouble controlling his [illegible] at Faith's [illegible] although no sign of mirth showed on his lips or in his face. [illegible] But my mirth was [illegible] under control. I had no desire to laugh at my small daughter's [illegible] I was too annoyed at the problem she was presenting, to [illegible] leave a laugh left in my system, as Dicky so often phrases it.

"I suppose, Faith," he said, and I saw the mould stir a bit [illegible] at his lips, "that you mean Mr. Veritzen would pay no attention to a protest from the manager, Mr. Olsen, about noise from this apartment because I am a friend of his. Is that what you meant?"

"Yes, it was," his granddaughter told him with admiring eyes. "That's what I meant, but Gee, I wish I could make words roll out of my mouth the way they do out of your. Then I'd never get into trouble using all those expressions Jun and Ron do."

My father cooked a bit at that but I still was in the famous mood of Queen Victoria. I distinctly "was not amused."

"I will take out a minute or two more," my father told me, and I knew that he understood, and sympathized with my parental problem, even though he wished to give his dolized granddaughter no discipline beyond the caution he was voicing to her.

"Take all the time you wish," I told him, for I knew, even as Faith did, that when my father was with us, everything, meals included, waited upon his convenience.

"It won't be necessary," he said. Then he looked squarely into the eyes of his small granddaughter. "I want a promise from you, Faith," he said, "a solemn promise. May I have it?"

"Of course," she told him, not smiling, but with a seriousness that matched his own. "Cross my heart and hope to die," she made the traditional gesture. "Also Scout honor."

"Those oaths should be sufficient," he said. "Now listen carefully:

"First," he said, "except in your own home, here or at the farm, or even there, when anybody not of our family group, is with us, you are not to use the words 'hush-hush.' Can you remember that?"

"Sure thing," she answered confidently, "but I'm not sure I know who is family group. Aunt Katharine is not a relative but—"

"Your mother will explain all that to you," my father said hastily, and I felt a gamin impulse to hurl at him the epithet Harry Underwood had tossed at Dicky a few hours before 'Cowardly custard!' he had called him, and I had a sudden attack of mirth mixed with fear, as I visualized the effect of such an explosion on my part.

"The second thing I wish you to promise," my father went on hurriedly, "is that you are not to mention anything I do for the government outside the family. Just say your grandfather writes books. That won't be any lie, for I am at work upon a sort of one now. But you never must hint that I ever have heard of government service. Can you remember that?"

"Yes, indeedy," she said while I reflected that my father had told her the truth. He was engaged in preparing one of the endless reports he had to make to the "higher-ups," with a volume of horror equal to those of three ordinary volumes.

"Then," he said, gathering her up in his arms and kissing her, "I'm sure everything will be all right. Go with your mother now. What's your program, Margaret?"

"Breakfast at eight-thirty in the living-room," I told him, "or as near that hour as possible. When would your father do, take your shower first, and then let me take the bathroom for Faith, or let her have her shower first?"

"Ladies first, always," he said with a grin at Faith which sent her off into a peal of laughter. I whisked her away, and helped her to shower and dress, although she protested that she could do both "all by herself."

NEW RUBBER HAILED AS BEST YET KNOWN

By The Associated Press

DETROIT, June 3—An artificial rubber "so good" its tire tread performance promises to top anything yet known, was described by a rubber expert today.

Development of the new rubber was announced several days ago by United States Rubber Co. as the work of the rubber, chemical and petroleum industries. It was described as the "most important development in synthetic rubber since the original general purpose synthetic was put into production."

Today Dr. S. M. Cadwell, research and development director of United States Rubber, in an address prepared for delivery to Detroit's Rotary club, said the new rubber was being produced at 41 degrees Fahrenheit instead of the standard temperature of 122 degrees.

This, he said, had resulted in improvements in the three major weaknesses of general purpose synthetic ruber. It has greater resistance to abrasion—probably 30 per cent more than the best natural rubber compounds; has greater tensile strength and is less susceptible to cracking, Dr. Cadwell said.

Producing the new rubber at lower temperatures means combining its principal ingredients—butadiene and styrene—at temperatures heretofore considered impracticable.

Reducing the temperature, however, slowed up the chemical reaction, Dr. Cadwell said. It was found that instead of taking 12 hours to combine the two principal ingredients it required several days to make a batch of rubber with even a moderate reduction in temperature.

This problem was solved, he said, when new "speed-up" chemicals were discovered which would increase the rate of polymerization (combining).

OHIOAN HUNTED FOR SLAYING 3 FOUND

By The Associated Press

TOLEDO, O., June 3—Prosecutor Joel S. Rhinefort and Detective Capt. Ralph Murray planned to leave today for Jacksonville, Ill., with warrants charging James Osinski with the slaying of his wife and her parents.

The FBI announced yesterday that Osinski had been found in the state mental hospital at Jacksonville. He was traced through fingerprints.

Osinski disappeared about the time the bullet-riddled bodies of his wife, 23, and her parents, Mr. and Mrs. Raymond Ditmyer, were found in the Ditmyer home here last Dec. 17.

The Osinski's two babies, Johnny, 1, and James, 2, were near death from starvation. They had been without food from Dec. 13, when the shootings apparently occurred, until the bodies were found. Johnny subsequently died.

Osinski was indicted on three first degree murder counts by the Lucas county grand jury. The FBI said Osinski had been in Adrian, Mich., Detroit, Vera Cruz, Mexico, and St. Louis before going to Jacksonville.

Illinois authorities arrested Osinski when, they said, he was found trying to "make a telephone call to God." He was classified as mentally ill and sent to the state hospital.

Rail Union Heads Turn to Congress

By The Associated Press

WASHINGTON, June 3—Railroad union leaders turned from the White House to congress today in seeking a solution of their longstanding labor dispute.

With White House settlement attempts broken off, the three union chiefs decided to ask for a congressional investigation into the administration's handling of their wage and other demands.

The heads of the politically-potent unions are Alvanley Johnston of the Brotherhood of Locomotive Engineers, David B. Robertson of the Firemen and Enginemen, and Arthur J. Glover of the Switchmen.

All three declined direct comment, but each plainly indicated irritation because the Army has refused to negotiate with them since President Truman's May 11 order seizing control of the nation's rail system.

NEWSPAPERS LEAD GAIN IN NATIONAL ADVERTISING

By The Associated Press

NEW YORK, June 3—Newspapers showed a greater gain in national advertising for April than any other media, the magazine Printers Ink said today.

Advertisers spent 8 per cent more in newspapers in April than in the same month a year ago, and 6 per cent more than in March of this year.

Magazines neither gained nor lost in the month.

National advertisers spent 2 per cent more in April for radio advertisements than in March, and 7 per cent more than in April a year ago.

GET PAY INCREASE

Special to The Star

BUCYRUS, June 3—A 10 cents per hour pay increase for approximately 170 employes of the Crawford Steel foundry was announced today by Sam McClure, general plant manager, and Clayton Young, president of the foundry's independent union.

the daughter of Mr. and Mrs. U. L. Anderson of 251 West Church street. She received this honor by having a 4 point average in grades during her four high school years, having maintained a semester average grade of "A". Miss Anderson is planning to attend Capital university at Columbus to study for a bachelor of science degree in nursing.

Active in a number of school organizations, Miss Anderson, during her freshman year at Central, participated in the Ninth Grade Dramatics club, the band and orchestra and the Y-Teens. Throughout her sophomore, junior and senior years at Harding, she was a member of the Prop's and Q's, the Y-Teens and the band and orchestra.

The class salutatorian, Miss Mary Jane Ralph, attained a 3.965 average. She plans to work during the summer and then decide on college in the fall. Miss Ralph was also associated with a number of school activities during her four years of high school. While a freshman at Vernon, she was a member of the Y-Teens, orchestra and was pianist for the Glee club. In her sophomore year, Miss Ralph was a member of the junior choir and the Y-Teens, and while a junior, belonged to the Prop's and Q's, Y-Teens, G.A.A. and Chess club. During the senior year, she served as treasurer of Job's Daughters and reporter for Prop's and Q', and was a member of Y-Teens, GAA, and senior choir. Miss Ralph is the daughter of Mr. and Mrs. Dana Ralph of 431 South Vine street.

Air Travel Mileage, No Fatality, Reported

By The Associated Press

CHICAGO, June 3—Two hundred and eighty thousand times around the globe without a fatal accident.

That in effect is the combined safety record compiled by 23 airlines through last year, figures released by the National Safety council showed today. The lines completed more than seven billion passenger miles without a single fatality to a passenger or crew member.

A twenty-fourth airline—Pan-American Airways, Inc.—was honored for completing 1,443,699,000 passenger miles between Aug. 3, 1945 and June 19, 1947 without a fatality.

Atomic Plant Faced By Strike of Workers

By The Associated Press

OAK RIDGE, Tenn., June 3—A new strike threat faced an atomic plant today in the wake of overwhelming rejection by its workers of a final contract offer.

The employes, members of the AFL atomic trades and labor council, turned down by a vote of 771 to 26 a 10-cents an hour average wage increase offered by Carbide and Carbon Chemicals corporation.

The union has called a mass meeting for Sunday to decide on its next move.

COUNTY OILS ROADS TO CONTROL DUST

Application Made at Homes Along Stone Highways.

Walter W. Johnson, Marion county engineer, announced today that the S. G. & W. Construction Co. of Waldo has started the oiling of county stone roads for dust control.

The oil, purchased in January is to be applied for a distance of 300 feet in front of each farm home, or approximately 187 gallons per home, and the applied cost exceeds $28 for each house. The money comes out of the county road fund, the engineer said.

The dust layer will be applied to all county stone macadam roads excepting the LaRue-DeCliff and Hillman-Ford roads, which are under Federal-State-County contract for reconstruction. Also the Salem road in Richland Township will be bypassed due to this roads' inclusion in the county drag treating program.

The townships of Montgomery, Grand, Grand Prairie and Waldo are also included in this oil program, which in its entirity will take approximately 50,000 gallons. The first car was spotted at Morral and the second at Martel.

The work is being supervised by Harold E. Thomas of Mr. Johnson's staff.

FLOOD

(Continued from Page 1)

property damage only. The people were evacuated days ago.

Upriver, too, the struggle against soft dikes went on around Portland even as the gears of rehabilitation finally meshed after the Memorial day disaster of Vanport.

Predict Light Death Toll

Top Red Cross executives here said they believed "few, if any" of the war housing project's 18,700 residents were lost when a dike cracked and Columbia waters washed away the city that had been Oregon's second largest. Known dead so far, excluding Vanport, total 23.

Federal and state agencies have coordinated plans and their massive reconstruction weight has turned to the task of rehabilitation for some 50,000 persons and repairing damage running into untotaled millions—perhaps $100,000,000.

Snarled communications and disrupted transportation are slowly being restored. Refugees are being sheltered and fed. Contributions of clothing from the more fortunate are pouring in.

The time of greatest suffering is over in the Portland area—the hardest hit. Over for the moment—until the new crest mounting upriver plunges down through the rock walls of the mid-Columbia gorge.

HOMECOMING PROGRAM SET AT KIRKPATRICK

Homecoming will be observed at the Kirkpatrick Methodist church Sunday, with morning and afternoon sessions, and a picnic dinner at noon. Rev. J. Miller, Presbyterian minister from Middletown, will speak at the morning service. The afternoon program will include special music and an address by Mrs. T. J. Foight of Tiffin. Friends of the congregation are invited to join the members for the observance.

MINISTER'S WIDOW DIES

By The Associated Press

TOLEDO, O., June 3—Mrs. Frances M. Allen, 89, widow of Horace N. Allen, U. S. minister to Korea at the turn of the century, died today. Mrs. Allen was born in Collins, O. From 1882 to 1905 she lived in China and Korea with her husband, who first went to the Orient as a Presbyterian medical missionary. Assigned to Korea in 1884, he founded a hospital there and, when a revolution occurred, saved the life of a Korean prince and others. He was U. S. minister from 1897 to 1905.

ARMS SHIPMENTS HALTED

By The Associated Press

LONDON, June 3—Britain has stopped supplying arms and military equipment to Egypt, Iraq and Trans-Jordan in accordance with the UN truce conditions for Palestine, a foreign office spokesman said tonight.

Expenditures for jewelry in the United States reached a record $1,300,000,000 for 1946.

COAL OPERATORS ASK UNIONS BE CURBED

By The Associated Press

WASHINGTON, June 3—Top coal industry opponents of John L. Lewis asked congress today to curb labor union powers and to outlaw pension strikes.

L. Ebersole Gaines, president of the National Coal association, told the senate-house committee on management-labor relations that strikes which endanger public health, safety and economy should be limited.

"This limitation upon the unregulated power to strike should be provided by amendment of the anti-trust acts so as to leave unions subject to the consequences of those statutes where they undertake strikes which paralyze the public economy or otherwise impair the public health or safety of any substantial area," Gaines said in his prepared testimony.

He said strikes to enforce pension plans — like the six-week stoppage of the soft coal miners in March and April—should be made illegal.

COMMITTEE

(Continued from Page 1)

this year's coal strike. This may mean there will be less steel to export.

3. Of the 5,970,000 tons of steel exported from the United States in 1947 about 125,000 tons went "behind the iron curtain." Russia, the committee was told, got 83,000 tons and Finland 26,000. The others received amounts that were not "significant."

4. The demand upon the United States for steel probably will continue to decline from year to year as European production continues to increase.

5. About one-half of the uncontrolled steel that was exported from this country in 1947 was from the "black market."

Sees More Farm Machinery

The nation's farmers will have more farm machinery available next year than this year, last year or before the war.

W. L. Beck, chief of the industrial machinery section of the commerce department, made this estimate to the house appropriations subcommittee. His testimony was made public in today's report.

He estimated that of a total supply of $1,625,000,000 worth of farm machinery available in the U. S. next fiscal year, exports to other nations would be 22 per cent, or $351,000,000 worth. He figured only eight per cent, or $124,000,000 worth would go to countries in the European relief program.

UNION OFFICERS QUIT

By The Associated Press

CHICAGO, June 3—Four members of the international executive board of the CIO united farm equipment workers resigned today when the board voted to comply with non-Communist phases of the Taft-Hartley act.

BLAMES DIVISION. Testifying before a joint session of the senate expenditures and foreign relations committees, George V. Allen, assistant secretary of state for public affairs, pinned responsibility for assertedly "slanderous" overseas "Voice of America" broadcasts on his own department, but blamed lack of funds and divided authority for the incident.

LOUISE SUGGS WINS BRITISH GOLF TITLE

By The Associated Press

ST ANNE'S - ON - THE - SEA, ENGLAND, June 3—Louise Suggs of Atlanta, defeated Jean Donald of Scotland, 1 up in 36 holes, today to win the British women's golf title Denver's Babe Didrikson surrendered by turning professional.

The Atlanta mite, already holder of the U.S. crown, gained a 2 up edge in the 18-hole morning round but was one down to the Scot queen as late as the 33rd hole. They went to the 36th tee all even.

The match was played despite heavy rains and a biting cold wind. It is only the second time that an American has taken the title across the Atlantic.

Dedicate "Big Eye" To Astronomy in Calif.

By The Associated Press

PALOMAR MOUNTAIN, Calif., June 3—Scientists dedicate the "big eye" today.

It's the 200-inch telescope atop Palomar mountain through which they soon will peer into outer space twice as far as ever before.

The world's largest piece of glass will enable astronomers to see 1,000,000,000 light years into space. Translated into miles the distance is 6,000,000,000,000,000,000.

The giant telescope-mirror was cast 12 years ago at Corning Glass Works, Corning, N. Y.

REPORT MORE DEER SEEN IN COUNTY

Deer were reported seen in Marion county for the second time within a month today, this time the report coming from a farm northeast of Marion.

Mrs. Ray Lucas reported seeing a doe cross a clover field on their farm on the East Fairground road about 10 o'clock this morning. Mrs. Lucas said the deer came within 300 feet of her, halting momentarily at intervals to look around as it leisurely made its way across the farm. The deer disappeared in a woods on the Loren Lawrence nursery farm southwest of the Lucas farm.

Several weeks ago two deer were reported seen on the Green Camp pike by a Green Camp resident enroute to work about 6 a. m.

Deny American Plane Molested Russian

By The Associated Press

BERLIN, June 3—U. S. authorities denied today a Russian charge that an American fighter plane dangerously molested a Soviet transport flying the Berlin-Zurich houte.

The Russians said the incident occurred over their occupation zone April 28. They called it a "violation of flight safety laws." Lt. Gen. M. I. Dratvin, Soviet deputy military governor, protested to American officials.

Maj. Gen. W. E. Hall, chief of the U. S. military government armed forces division, said the Russian allegation is "completely false." He said there are radar records to prove it.

Dog Keeps 5-Day Vigil At Dead Master's Side

By The United Press

NEWARK, O., June 3—The devotion of man's best friend has been proved again.

When Licking county deputy sheriffs forced their way into the home of William T. Davis, 74, here yesterday, they found him dead. At his bedside was his pet dog.

The dog had apparently kept watch over his dead master for five days, deputies said.

They investigated after neighbors reported they had not seen Davis or his dog for several days. The man and dog lived alone.

POLLAK PLANT SEEN BY 520

Steel Mill Holds Open House for Employes and Families.

Approximately 520 persons, employes of the Marion plant of the Pollak Steel Co. and their families, were guests yesterday at the first "open house" given by Pollak Steel.

From 12:30 p. m. until 9:15 p. m. a continuous stream of interested visitors were taken on conducted tours of the plant. Twenty-four employe guides escorted the visitors in groups of 15 on a one-hour tour which showed the entire operations of the plant from the raw material receiving yard to an exhibit of products manufactured from Pollak steel. Each of the more than 40 operations performed at the plant was fully explained by the guide escorting the group of visitors and each department foreman was on hand to answer any and all questions.

History Reviewed

Before embarking on its tour each group of visitors was given a brief history of the company from the beginning of its operations here in 1919. It was explained that the local plant is not an ore to steel mill but is what is known in the steel industry as a rail mill, meaning that its basic raw material comes from used railroad rails which it uses up at the rate of 7,000 tons per month.

ACCUSED OF THE ASSASSINATION of India's Mohandas K. Gandhi, these men listen to testimony in New Delhi courtroom during their arraignbent. They are scheduled to go on trial June 14. Left to right are Nathuram Vinayak Goose, leader of the accused group; Narayan Dattraya Apte and Vishu Ramkrashna Karkare. In center, second row, is Madan Lal, also accused of exploding a bomb outside a Gandhi prayer meeting at Birla House ten days before the Jan. 30 assasination.

The rails, which arrive in railroad cars, are cut, cleaned, melted in a charging furnace, slit, rolled, and then finished into the steel product desired by the purchaser, and finally painted and readied for delivery.

The mill is coal fired and water lubricated, and produces an almost limitless variety of angles, bar stock, reinforcing rods, steel fence posts, parts for steel and concrete construction, and the majority of angle steel and parts for many popular brands of farm machinery. An outstanding product supplied by the plant is the steel from which garden rakes are made.

New Wash Room

Visitors were especially impressed by the new $70,000 employes' wash and dressing rooms, which boast many of the latest innovations including an air conditioned drying room for work clothes of the mill crews, which number 450 men.

Dave Pollak, safety director of the local plant, chairman of the open house committee, stated the open house program required over two months of preparation. Object of the visitation day was to acquaint workers' families with the company and the mill, and to give members of the family a chance to see the plant in operation.

Theme of the program was "Bread and Steel" and at the close of each tour the visitors were given an attractive handbook telling the uses of Pollak steel in the farming and baking industries.

At the close of the tour all visitors were served refreshments at an attractive snack bar on the grounds and each was given a souvenir gift on leaving the mill yard.

He had been a member of the ground crew at the air base there, had volunteered for extra duty, and was killed when his plane went down.

The body will be laid to rest in Mansfield cemetery.

Pvt. Smith is survived by his widow, the former Eileen O'Leary of Mansfield, a five-year-old daughter, and several brothers and sisters.

Housing Bill Passage Urged by Stassen

By International News Service

PITTSBURGH, June 3—Immediate passage of the Taft-Wagner-Ellender housing bill for veterans was urged today by former Minnesota Gov. Harold E. Stassen.

Carrying his campaign for the Republican presidential nomination into Pennsylvania, Stassen told an audience of 1,200 in Pittsburgh Wednesday night that more than 1,000,000 veterans cannot find a decent place to live.

The use of coal for iron smelting was long delayed by the tendency of carbon from the coal to enter the iron, making it brittle.

CARS UNDER-PRICED, WILSON OF GM SAYS

By The United Press

ROCHESTER, N. Y., June 3—Charles E. Wilson, General Motors Corp. president, declares that automobiles currently are "under-priced" in relation to other goods in an inflationary market.

Giving no indication that car prices would decline, Wilson said in a speech here Wednesday that it would be another two or three years before the industry could meet the backlog of demand.

"Although we are theoretically on a gold standard, our economy is based largely on the commodity dollar and prices will be fixed by its value," he said.

Regarding new car production, the GM executive declared the automotive industry still is under pre-war production "because of the steel situation."

He discounted the theory that used car prices would slump soon.

Discussing the new wage agreement between GM and the United Automobile Workers (CIO), Wilson said that the new formula tended to maintain employes' purchasing power and "assures workers a share in the nation's gains of productive efficiency."

He added that the formula was unique in that it does not freeze the standard of living of workers.

Olympic Bike Race Recalls Ride from Lake To Ohio River Through Here 54 Years Ago

The recent [illegible]-mile Ohio Olympic bicycle race which brought 24 riders pedaling through Marion recalls accounts of another bicycle race more than a half century ago over a [illegible]-mile course from Sandusky to Portsmouth.

Basically a promotion stunt sponsored by newspapers along the route from Lake Erie to the Ohio river, the race drew some 40 riders, including leading cyclists in the state. Marion riders were prominent in the group as The Marion Star was among the sponsors. Other sponsors included the Bucyrus Evening Telegraph, Sandusky Register, Delaware Gazette, Ohio State Journal, Chillicothe Gazette and Portsmouth Blade. Frank Hopley of the Bucyrus Telegraph was credited with originating and managing the race.

Recalls Earlier Race

Passage of the recent Olympic riders through Marion and Bucyrus on their way from Columbus to Shelby revived memories of the earlier race for Mr. Hopley.

The race was a relay starting off from Sandusky. It was held June 11, 1894. Riders in the fashion of the famed "pony express" pedaled at full speed over a set lap, passing on a message carried in a morocco leather pouch suspended by a shoulder strap, to the next series of riders. They traveled in groups of three and covered the distance in 12 hours.

Prominent among the Marion riders participating was the late Claude Doty, close friend of Barney Oldfield who was later to become famous on the dirt track as one of the first auto racers. Oldfield at the time was a crack cyclist and Doty a novice champion bike rider in Ohio.

Other Marion cyclists who pedaled that day included the late Newton D. Davis of Marion and LaRue, one of the first Ford dealers in this area, Abe Mack, Henry S. Buhl, John Reidenbaugh and Rollin Thompson.

The only serious mishap during the race involved the first Marion crew and occurred when Davis and Mack, a one-armed cyclist, collided. Mack received a concussion in the resulting spill, with Doty carrying the message on alone to the second Marion relay team.

Rode High Wheeler

To John Q. Shunk, 82-year-old retired Bucyrus industrialist, the recent Olympic race held special interest for it was he who carried the "morocco pouch" on the 10-mile stretch from Chatfield to Bucyrus, pedaling his "high wheeler," still one of his cherished possessions. Also one of his much valued souvenirs and reminders of those early bicycling days are two gold medals awarded him as first place winner in one-mile races at Crawford and Richland county fairs in 1888 and 1890.

On occasion of the recent Olympic races Shunk brought the old "high wheeler" from its place of storage and put it on display in front of his home. On several recent occasions, in his more daring moments, he has mounted the old bicycle just to prove that age has not lessened his ability to ride.

Highly descriptive newspaper accounts of the relay, which attracted statewide attention, described the course as "sandy from Sandusky to Bellevue" and "good pike from Bellevue to Attica." In spite of these handicaps the riders, who traveled in pairs or in threes, completed the [illegible] course in 12 hours, 17 minutes and 54 seconds.

Old accounts of the race mention the "terrific dust" along the route and also scathingly mention the "teams of horses on the road that refused to yield," making it necessary for the riders to get off their bicycles and walk around the teams.

Other Bucyrus riders who still recall the excitement of the race are Allen Dible and John Cronels who carried the message from Bucyrus toward Marion and Fred Cronels, one of the team who took over the race into Marion. Riding partners of Shunk and Cronels, John Peters and John Ahl are deceased.

The following message was delivered in Portsmouth by the riders. "The newspapers of Ohio shake hands across the state and send greetings to the world with the assurance that the bicycle as a mode of rapid transit together with electricity and the lightning express is only second to the rapidity of results obtained from judicious advertising."

Your Good Health

Inflammation of the Lips

Any woman who suffers from cheilitis, or inflammation of the lips, should suspect her lipstick. Most lipsticks are perfectly safe but those which contain a so-called indelible dye to keep the color from coming off the lips easily may cause some women trouble. The dye most commonly used for this purpose is dibromfluorescein, or compounds of a similar nature. It has recently been found that dyes of this type are the most frequent cause of cheilitis in women.

Whether the inflammation of the lips is due to the fact that some persons may be sensitive to the dye or whether it is due to direct chemical irritation has not yet been determined. In any event, when cheilitis occurs, there is swelling of the lips and a collection of fluid in the tissues. In addition, there may be some scaling or cracking, or little ulcers or sores may form.

When this condition develops as a result of the use of lipstick with an indelible dye, the condition can be promptly overcome by stopping its use and employing some other type, one that has no indelible dye.

A good lipstick is easily and evenly applied, is not too greasy, does not crumble, crack, or melt. It must be soft enough to put on in winter and have an agreeable odor and taste. The dye is ground into a wax and oil base.

Women will also be interested in another recent discovery which will make it possible to enjoy the sun without danger of burning.

When taking sun-baths, it is often necessary to protect the skin from burning. Various lotions and solutions have been employed for this purpose. Some of them contain salicylic acid or tannic acid.

It has been found, however, that if enough salicylic acid is used, it will cause irritation of the skin, while the tannic acid does not stand up under the continued exposure to the ultra-violet rays in the sunshine.

Recently, a preparation containing para-amino-benzoic acid has been tried out carefully on 32 persons. These individuals had noted that they were unable to remain in the sunshine for any considerable period of time without suffering severe sunburn. The para-aminobenzoic acid was put into an ointment mixture. It was found that in all cases, the preparation gave complete protection against sunburn.

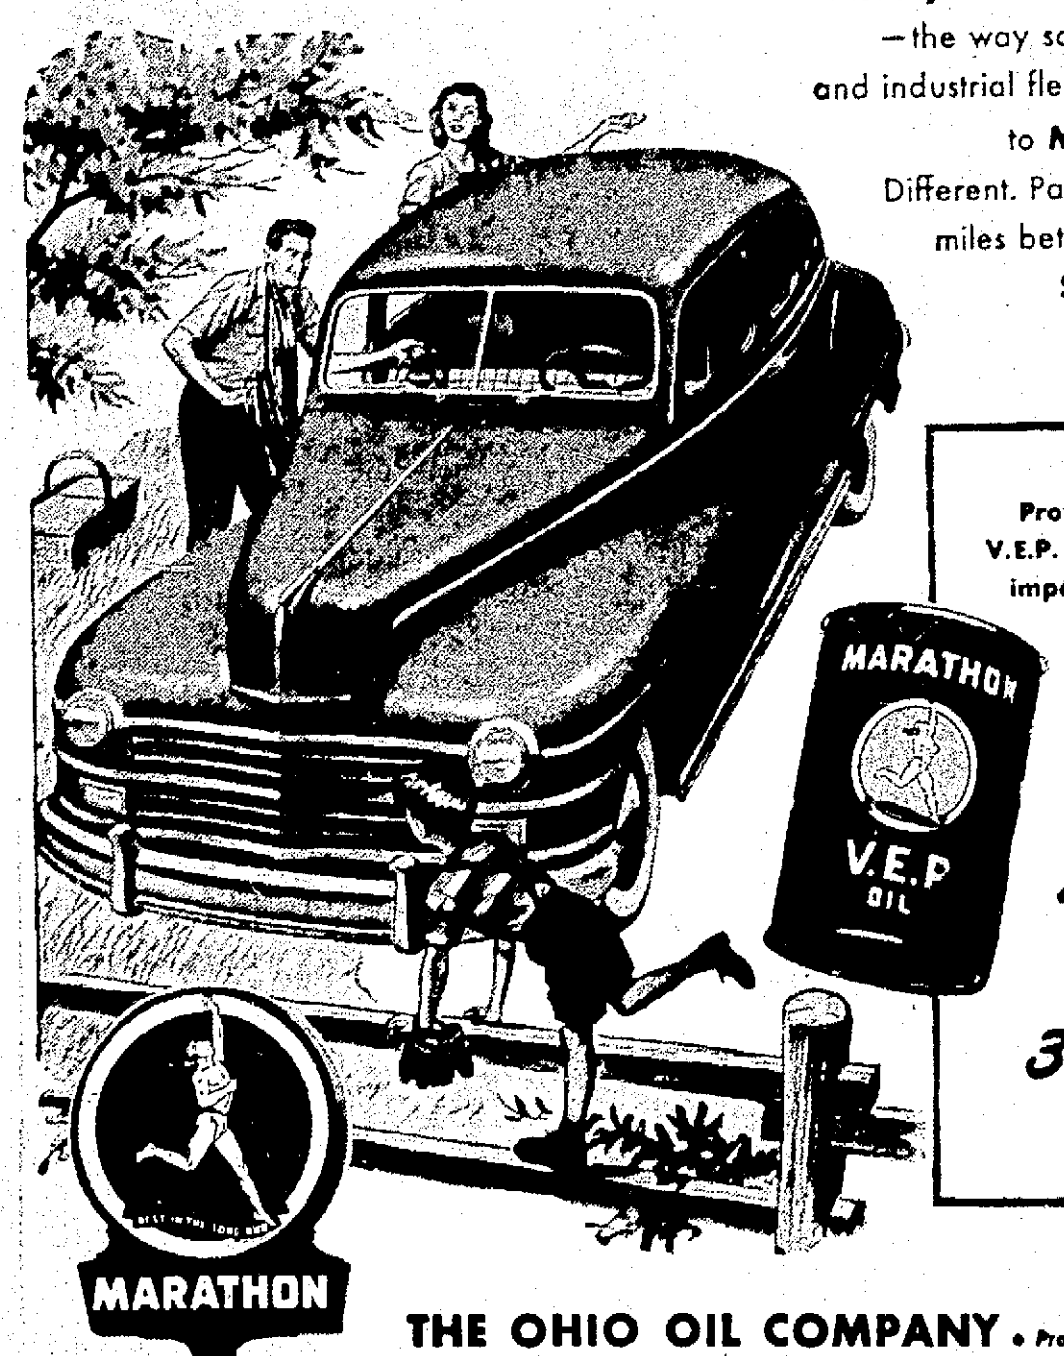
Answer: It is possible for a diabetic to have children.



Over a million extra miles of service from their truck engines in 10 years, is estimate of Fred Wenke, Toledo, Ohio, long distance hauler. "We've used Marathon V.E.P. Oil exclusively in all our trucks for over 10 years. And I'd estimate the extra miles of service we've gotten from engines, as a result, add up to over a million miles."

*Scientific tests, plus millions of miles of road travel, prove that V.E.P. makes motors last 50% longer than they would with ordinary oil.

SAVE as the big fleets do

Make **your** motor **last 50% longer*** —the way so many taxi, car rental and industrial fleets are doing. Change to **Marathon V.E.P. Oil.** Different. Patented. Puts 50% more miles between costly overhauls. **Saves gasoline, too.**

Proved for 11 years. V.E.P. Oil gives you these important "Extras"...

1 **"Magnetic-like" film** prevents damaging "dry" starts. Doesn't scatter at high temperatures. Protects bearings against corrosion.

2 **Continuous cleaning action** keeps valves and rings free, oil holes and lines open. Conserves power. Saves gasoline.

3 **More than 3 times** the film strength of ordinary oil to protect against heat, pressure, shock.

FUNERAL SHIP DUE AT WEST COAST PORT

By The United Press

SAN FRANCISCO, June 3—The bodies of 4,459 service personnel arrive at the San Francisco port of embarkation tomorrow aboard the USAT Lt. W. G Boyce

The Army said it was the biggest shipment of World War II dead to arrive from the Pacific area

Most of the bodies are of men who lost their lives in the New Guinea campaigns Many were buried temporarily in cemeteries there and are being returned at the request of relatives for final burial in this country.

On the ship from Marion and this area are Stanley LeRoy Foulke, seaman 1/c, Navy, son of Mr and Mrs Roy A Foulke of 698 East Farming street; Pfc William H Zieg, Army, son of Mr and Mrs. H E Zieg of 471 East Center street; S/Sgt Paul A Beidelschies, Army, of Upper Sandusky, Pfc Jack P. Castor, Army, of Kenton, and Cpl Charles R. Monn, Army, of Kenton. An account of the return of the ship was carried The Star Monday

INDIAN LAKE SLAYER DENIED NEW TRIAL

By International News Service

LIMA, O, June 3—The Lima district court of appeals today had denied convicted murderer Roger "Tug" Williams, 31, a new trial in connection with the fatal shooting May 28, 1947 of his one-time common law wife, Minta Webb Rotnwell, 25, Kenton waitress

The court found no error yesterday in an earlier three-judge hearing to determine his sanity and degree of guilt and set July 8 as the execution date

Williams had pleaded guilty to the murder of the girl in an Indian Lake cafe He is a prisoner in the Ohio penitentiary death row

Williams originally was sentenced to die last March 1, but a lower court granted a stay of execution pending a decision on his appeal.

World's Largest Bomber Set Down

By The Associated Press

DAYTON, O, June 3—Air force experts prepared today to put a six-engined B-36 bomber, the world's largest, through flight tests.

The huge ship landed at Wright field near here yesterday after a flight from Fort Worth, Tex It set down on the field's 10,000-foot runway, the world's largest.

Field spokesmen said the plane would be given accelerated flight tests "for an indefinite period"

It was the second B-36 to land here. The first several months ago, was torn apart in tests of the strength of its various parts

CHRISTIANITY GAINS

By The Associated Press

CLEVELAND, June 3 — The death of Mohandas K. Gandhi caused the greatest movement toward Christianity ever known in India, a Methodist missionary says Dr. Halsey E Dewey, church superintendent for the Pakaur district in India, said the general feeling among millions in that nation was to turn toward Christian leadership in tribute to the Indian leader.

In Grateful Memory Of

★Charles Hayes, United States Marine Corps, who died in the service of his country at Tientsin, China, June 3, 1946.

I am sad within my memory,
Lonely is my heart today,
For the one I loved so dearly
Has forever been called away.
I think of him in silence,
No eyes may see me weep,
But many heart rending tears are shed
When others are asleep.
Some may think that I have forgotten,
Some may think the wound is healed,
But little do they know the sorrow
That is in my heart concealed.
Oh what would I give to touch his hand,
His happy face to see,
To hear his voice, to see his smile,
It would mean so much to me.
Just when his days seemed brightest,
Just when his hopes seemed best,
God called him from amongst us
To his eternal rest.

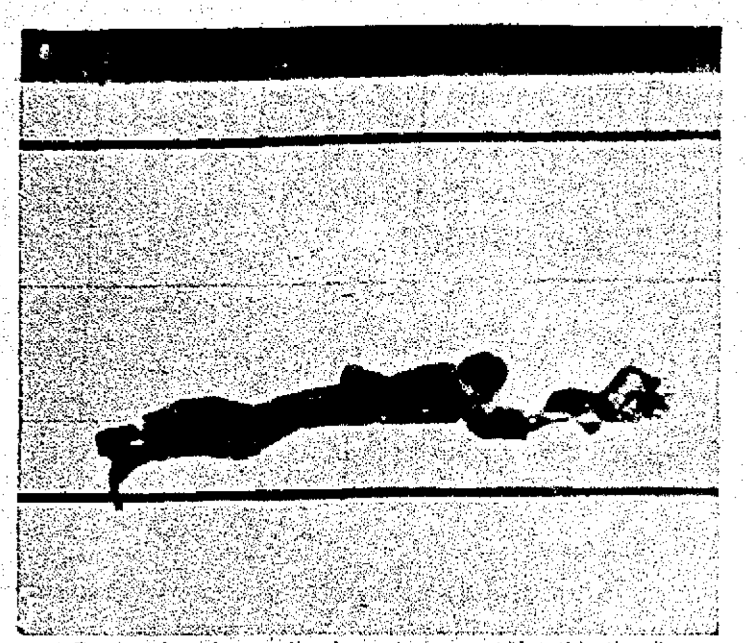
Chinese woman on ledge screams, "I'm going to jump"...



But an American police inspector says, "Not this time."

"OH, NO, YOU'RE NOT, WONG LOY." Arrow points to Chinese Wong Loy, 31, who clambered to the 13th floor of the Appraisers building in San Francisco and threatened to jump to her death. Thousands watched a dramatic fight to save her. Police Inspector John Breen crawled along the ledge, grabbed the woman and held her until other members of the force could drag her to safety on roof.

CONSISTORY CALLED

By The Associated Press

VATICAN CITY, June 3 — Pope Pius XII has called a secret consistory Monday, June 21, to name new bishops and archbishops, it was announced today. Vatican sources said it is unlikely the pontiff will fill any of the 10 vacancies in the college of cardinals at that time.

MARION CLUB HEARS BATTELLE SPEAKER

Sales-Ad Group Ends Season Until September.

T. J. McCuiston of Battelle Memorial Institute, Columbus, was guest speaker Wednesday noon when the Chamber of Commerce Sales-Ad club held its final meeting of the spring season. His topic was "How Research Affects Our Economics."

Guests present at the meeting held at Hotel Harding included Gordon Bruin of the Jay Maish Co., J. J. Oram of Standard Oil Co., Paul Kohler and Edward Basanik of the Howard Swink Advertising Agency and H. E. Webster, Chamber secretary.

LeRoy Clauer, Sales-Ad club president, conducted the meeting during which it was announced that no meetings would be held during July and August.

The Fulfillment Corp. of America, one of Marion's newer firms, will put on the program when meetings are resumed Sept. 1.

Three Mighty Important Ideas

Maybe you read, where a great encyclopedia has sorted all basic ideas into a few select groups. Under the letter "T" they have:

Temperance - Truth - Tyranny.

Sounds like a funny combination. And to philosophize a little, notice that Truth is in the center—*between* Tyranny and Temperance.

Now and then you hear folks criticize temperate people who enjoy a moderate glass of beer... who talk about "two beers" getting some one into trouble, and claim: "There ought to be a law!"

Then Truth steps in between, and points out that two beers never got anybody into trouble—and that somebody's trying to distort the facts. No, there shouldn't be a law—*there should be Truth.*

From where I sit, those ideas are arranged just right. Temperance on one side, Tyranny on the other—and Truth in the middle—seeing that Tyranny never encroaches upon Temperance.

Fires Kill More Girls Than Boys, U. S. Records Show

In an effort to cut down the loss from fires the Fire Prevention Committee of the Marion Chamber of Commerce has prepared a number of short articles dealing with the subject. One follows herewith.

* * *

Nearly 6,400 girls and 3,805 boys died by fire in the U.S. in the last 12 years, a loss all the more ghastly because it was needless.

Why has fire struck at girls so much more cruelly?

Among the principal reasons are these: Girls are exposed more to fires than boys. They spend more of their playtime indoors. As they grow up, they take on tasks that are performed largely inside the home. And further, their clothing, which is usually full-skirted and light-textured, is more apt to catch fire and burn rapidly.

But explanations can never erase the tragedy . or soften the grief.

We can and we must bring this frightful killer to a halt.

How?

1—Keep matches out of reach of children. 2—Be more careful with smoking. 3—Avoid use of gasoline, benzine and naptha for cleaning. 4—Clean and repair heating plant and kitchen stove, flues and chimneys. 5—Use only electric wiring and appliances bearing the Underwriters' Laboratories seal. 6—Place oily rags in closed metal containers. 7—Get rid of all litter and rubbish. Make this year's spring clean-up drive a fire prevention drive as well.

Determine now to follow these simple rules. You'll help to stop fires and save lives . maybe your own.

New Flag Staff At Iberia Dedicated

Special to The Star

IBERIA, June 3—A new flag staff was dedicated at memorial circle in the Iberia cemetery during the annual memorial services this week, it was learned from Elizabeth Thew, president of the Iberia Women's Relief corps, who served as chairman for the day.

A large audience stood at attention while scout Marion Eggleton hoisted the huge emblem. The High school band under the direction of F. E. Honnold played "Star Spangled Banner." The pledge of allegiance was led by Scoutmaster M. Doyle Rusk, assisted by Cub Scout Pack No 35, and 4-H clubs.

Scout Rex Riddle gave a splendid interpretation of the the Gettysburg address. Rev. Charles Edgar the dedication prayer.

Rev. Raymond Kent laid a floral tribute at the monument of the unknown soldier and paid tribute to those who lived before us. He said: "This is also a memorial day for Christ, who sacrificed his life for the principles and high ideals which we now enjoy in our everyday life."

Mrs. Paul Miller, Elizabeth Thew, Genevieve Schickedantz, Mrs Ralph Riddle, Mrs. Wilmer Miller, Mrs. M. H. Brady, Mrs Edith Morris, Mary Seiter and Anna Zimmerman assisted with the floral decorations solicited mainly by 4-H clubs, Boy Scouts and Cub Scouts.

Alta Thomas and Harriet Seiters were flag committeemen. Alfred Burt and Clyde Doles placed flags on the soldiers' graves. Emma Stoneburner, Grace Thatcher, Effie Struthers, Katheryn Trumpower, Treva Parker and Faith Creswell were on the planning committee. Mary Riddle, Olive Garfield and Katheryn Rinehart were in charge of general arrangements.

Galion Chief Proposes Truck Loading Zones

Special to The Star

GALION, June 3—Many recommendations have been made to City council in a report submitted by Police Chief James L. Walker in an effort to solve the city's traffic problems.

Chief Walker recoommended the creation of loading zones in each city block on Harding Way East and Harding Way West to relieve the congestion caused by the loading and unloading of trucks. He set a time limit for the loading and unloading from 9 to 11 a. m., and from 1 to 3 p. m., and also called for a halt on double parking of trucks in this zone.

The chief further recommended that there be no parking in alleys, and that there be sections in the business area marked off with "no parking from here to the corner." Speed restriction signs at city limits on highways approaching the city, were included in the report. The establishment of additional traffic lights was included among other proposals in the chief's recommendations.

The full program is now in the hands of the streets and alleys committee for further study.

EPWORTH CIRCLE MEETS

Circle Five of the Epworth Methodist church met at the home of Mrs. Phillip Brooks on Uhler avenue Thursday. Two new members, Mrs. Clair Ridgeway and Mrs. George Wilson, were among the 14 in attendance. Miss Patty Clark was a guest. Devotions were led by Mrs. Frank Kinnamon and the prayer was given by Mrs John Clark. Mrs. F. J. Hunter was in charge of the program. A picnic will be held at the home of Mrs Bethyl Van Meter of north of Marion June 24.

ECUADOR ELECTIONS DECIDING PRESIDENCY

By The Associated Press

QUITO, ECUADOR, June 3.—A former chief executive, the son of an ex-president, and a former supreme court president are running for president of Ecuador June 9, the first elections since 1940. In that time Ecuador has had five chief executives.

Gen. Alberto Enriquez Gallo, 52, the nation's head in 1937-38, is candidate of a coalition of Liberal and Socialist parties.

American-educated Galo Plaza Lasso, 42, son of Gen. Leonidas Plaza Guitierrez, who was president in 1902-06 and 1912-16, is nominee of the National Civic Democratic movement (Movimiento Civico Democratico Nacional).

Dr. Manuel Elicio Flor Torres, 54-year-old jurist, is running on the Conservative ticket.

The winner will succeed Carlos Julio Arosema, who holds the top office after a series of revolutions.

In 1940, Carlos Arroyo Del Rio was elected president. Four years later he was overthrown by the democratic alliance movement, a coalition of several parties headed by Jose Maria Velasco Ibarra.

Velasco Ibarra then assumed the presidency. He withstood several attempted coups d'etat but was overthrown in 1947.

Col. Carlos Mancheno headed a military dictatorship after Velasco Ibarra fled.

After six days, Mariano Suarez Veintimilla, constitutional vice-president, took over.

Several weeks later, congress elected Arosemena, described as a "non-political" figure. He says he is impartial during the coming elections.

PROSPECT CLUB ELECTS

Election of officers was held at a meeting of the Prospect Merry Maidens 4-H club at the home of Velda Hosey, Thursday. Elected were: Velda Hosey, president and news reporter; Emma Martin, vice president; Norma Sparks, secretary and treasurer. Miss Mary Faye McMillian, county demonstrator, was introduced to the new adviser, Mrs. Harvey Beltz. The next meeting will be at the home of Mrs. Beltz, June 8.

MARION, KENTON SENIORS TO GET MIAMI DEGREES

Richard Grigsby of 324 Bellefontaine avenue, Dorothy Jones of 441 Summit street and Ransome Williams of 569 Summit street are among 601 candidates for graduation at Miami university's annual commencement June 7, at 10:30 a. m. at Oxford, O., a university news report states. Mr. Williams will receive a bachelor of science degree, Miss Jones a semi-professional certificate and Mr. Grigsby a bachelor of arts degree. Miss Marjorie Newell of Kenton is a candidate for a bachelor of science degree in business.

Dr. V. K. Wellington Koo, Chinese ambassador to the United States, will give the commencement address. He will talk on "The World at the Crossroads."

"Tomorrow Does Come" is the topic chosen by Rev. Reuben F. Pieters of Middletown, who will give the baccalaureate address June 6 at 6:30 p. m. in the Miami stadium.

Wesley Bible Class Has Memorial Service

A memorial service honoring members whose deaths occurred during the last year was held by members of Unity Bible class of Wesley Methodist Sunday school recently at the church. A program was preceded by a banquet attended by 60 members

For the service Mrs. R. A. Titus and Mrs. Lucille Edington sang a solo and a meditation was conducted by Mrs. Fred Upton, teacher of the class. As she read the names of the deceased members Mrs. Upton placed a white flower on the altar Mrs Titus sang a solo and the group repeated the benediction. Arrangements were in charge of Mrs. P. O Bruce, Mrs E. L Cole, Mrs William Markin, Mrs Dolly Lewis, Mrs A. W. Habnetzel, Mrs Goldie Davidson, Mrs. Lucile Edington and Mrs. Lois Thornberry.

April Whole Milk Price Slightly Lower

By International News Service

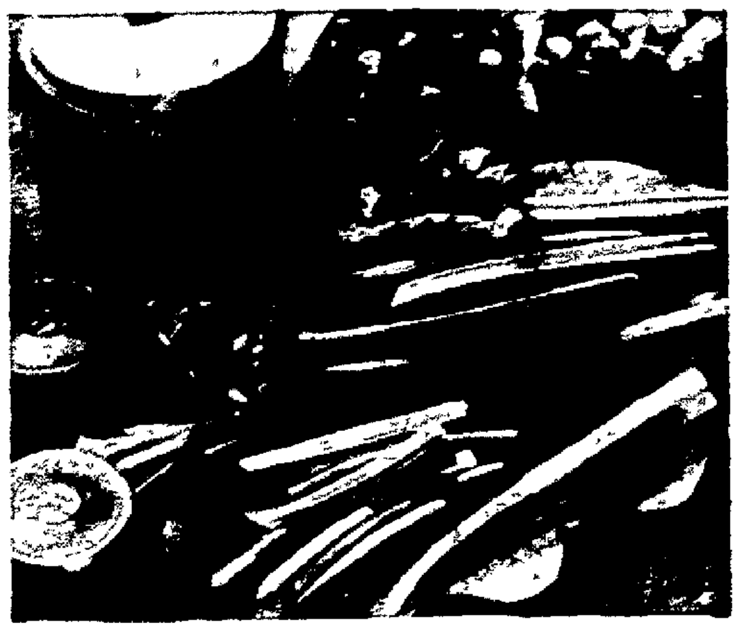
COLUMBUS. June 3—Farmers delivering whole milk to the 21 principal Ohio fluid markets in April received an average of $4 93 per hundredweight for milk with a 3.5 per cent butterfat content.

The Ohio crop reporting service said today that the April price was only an eight-cent decrease from the previous month and was 88 cents above a year ago

Ohio milk manufacturers paid an average of $4 08 for 3 5 per cent milk during April, the same as in March and 72 cents above April of 1947.

An increase in the number of farmers delivering to the principal markets also was noted.

Strawberry Time Is Here



STRAWBERRY-RHUBARB JAM . . . Serve with hot bread.

By CECILY BROWNSTONE
Associated Press Food Editor

While strawberries are in season put some jars of them away to use later. Preserved and served with a hot bread, they'll brighten up many a Sunday night supper that might otherwise be dull. Here's a recipe for rhubarb and strawberry jam that's easy to make and good to eat

Strawberry-Rhubarb Jam

4 cups prepared strawberries and rhubarb. 7 cups sugar, ½ bottle fruit pectin.

To prepare the fruit slice thin or chop (do not peel) about 1 pound of rhubarb. Crush thoroughly about 1 quart fully ripe strawberries. Combine fruits and measure 4 cups into a very large saucepan or kettle. Add sugar to the fruit in the saucepan or kettle and mix well. Place over high heat, bring to a full rolling boil and boil hard for 1 minute, stirring constantly. Remove from heat and at once stir in the one-half bottle of fruit pectin. Then stir and skim by turns for 5 minutes to cool slightly, to prevent floating fruit. Ladle quickly into sterilized glasses Seal with paraffin at once. Makes about 10 six-ounce glasses.

No family is happy in June, of course, without their fill of Strawberry Shortcake Here's a recipe for a rich biscuit base for the ruby red berries.

Strawberry Shortcake

2 cups sifted enriched all-purpose flour, 4 teaspoons baking powder, 1 teaspoon salt, 2 tablespoons sugar, 6 to 8 tablespoons shortening, 1 egg, ¾ cup milk.

Sift flour, baking powder, salt and sugar together into a mixing bowl. Cut in shortening until mixture is as fine as meal. Beat egg until foamy, add milk and beat to combine. Add liquid to dry ingredients and mix with a fork until dough is formed. Turn out on a floured pastry cloth or board and pat with floured hands or roll with floured rolling pin to one-half inch thickness. Cut in rounds with a biscuit cutter. Place on a greased cooky sheet and bake in a hot (425 F) oven for 15 to 20 minutes or until done Split biscuits immediately, fill with strawberries and top with whipped cream; or serve with a pitcher of heavy cream. 6 to 8 servings

Note: To prepare strawberries for the shortcake hull about one quart Put them in a colander or a large strainer and wash under cold running water. Drain well. Slice the berries or crush them with a fork or potato masher. Add sugar to taste (about ½ cup), mix and let the sugared berries stand at room temperature or in a refrigerator while shortcake bakes.

If your family prefers cake to biscuit as a base for this strawberry dessert, bake the cake in layers, then use sliced, sugared berries to fill them. Frost with whipped cream that has been sweetened and flavored with vanilla and garnish with whole berries Be sure to fill and frost this type of strawberry cake just before serving. It's likely to get soggy if you don't!

Another wonderful way to use strawberries for dessert is to serve them on a meringue or "Schaum Torte," with whipped cream. If there's a baby in the family who's eating the yolks it won't be any time at all before you have enough whites to make the torte, and since it only needs sugar and flavoring it really isn't as expensive as it sounds.

Strawberries also make a beautiful addition to a fruit cup. I like to combine them half and half, with diced fresh pineapple. Or sometimes to use them with the pineapple, plus honeydew melon It's convenient to have sugar syrup in the refrigerator to use on a fruit cup of this sort where you need to handle the fruit carefully and mix it as little as possible To make such a syrup put 1½ cups of sugar in a saucepan with 2 cups of water, stir over low heat until the sugar is dissolved, then increase heat, bring to a boil and boil about 5 minutes without stirring

DEATH PENALTY BILL LOSES

By The Associated Press

LONDON, June 3—A proposal to abolish the death penalty in England has hit a rock in the house of lords, and legislative experts predicted today the measure will founder. The lords, by vote of 12 to 22, balked last night at the proposal—already approved by the house of commons—which would eliminate the death penalty for a test period of five years for all crimes except high treason and piracy.

Last Memorial Rites Held at Cemetery

Special to The Star

ASHLEY, June 3—The last Memorial services to be held at the present site of Marlborough cemetery were attended by a capacity crowd Monday morning. The cemetery lies in the area of the Delaware dam project, and is to be removed. After a concert by the Ashley band and the decoration of the graves, the program was given in the church.

The cemetery presented an unusually attractive appearance with its cleanshaven lawn and abundance of flowers. In a tour of the cemetery one of the visitors Monday said she was struck at the thought of the vast amount of work connected with the removal of the graveyard to the new site—of the tons of granite and marble to be moved, the shubbery to be transplanted, aside from the exhumations to be made. Actual words she read on one of the tombstones gave her cause to pause. The legend read: "Don't Dig Up Our Bones or Break This Stone."

JERUSALEM BLASTED BY ARAB LEGION. Jewish business house in modern city of Jerusalem, blasted by artillery of Arab Legion, is flanked by Arab business houses untouched by the shelling in Holy Land war.

In Plain Words

By James Marlow

WASHINGTON

CONGRESS has taken the first step toward letting some of Europe's displaced persons into this country.

This is the score:

1. There are about 1,300,000 displaced persons in Europe. Late last night the senate voted to let 200,000 of them into this country over the next two years, at the rate of 100,000 a year.

2. This won't happen unless the house also approves. It is expected to do so shortly.

Even if both houses okay this, not just any displaced person will be allowed in here. There will be restrictions and requirements to meet. Before examining them, here's what went before:

James Marlow

With the end of the war the allied armies—American, British, and French—became guardians of about 8,000,000 displaced persons in their zones of Germany, Austria and Italy.

In time most of those people—nearly 7,000,000—went back to their homes or native lands. Only those went who wanted to go. None was forced.

That left about 1,300,000.

There were people who had no homes anywhere or who refused to return to their native lands because of changes there or because they were afraid.

For example: Poles who fled their homeland when the Communists moved into power there; people who fled from Lithuania, Estonia and Latvia when Russia gobbled up thoses three Baltic states.

THE HOUSE MAY CHANGE a bit the bill voted by the senate. Maybe not, but, as the bill is now, here are some of the requirements and restrictions it places on the 200,000 displaced persons to be admitted here:

1. The 200,000 would be in addition to those coming here from the various European countries under the regular immigration quotas.

(Those quotas, which have been pretty much the same for years, allow only a certain number of immigrants to come here from any one European country in any one year.)

2. To be one of the displaced people allowed to come here, a person must have been generally:

Someone brought into Germany as a forced laborer by the Nazis; someone who fled into the allied zones before the advancing Russian armies; someone, chiefly Jewish, who fled from Germany or Austria during the Nazis' time and now has returned but is not resettled.

(**THE SENATE** judiciary committee, which studied the displaced persons problem, reports that 95 per cent of the Jews in the American zone prefer going to Palestine, with the United States second choice.)

3. A displaced person could not come here until there had been a thorough investigation of his character and history.

4. He'd have to qualify under the immigration laws. Which means he'd have to be able to read and write, be of good moral character, not diseased or insane, and so on.

5. He'd have to have some skill or trade needed in the area where he expected to settle down.

6. He'd have to have some assurance of a job or housing which would not displace some U. S. resident from a job or house.

7. At least half of those admitted must be trained in farming.

8. Much preference—as much as 50 per cent—would be given to people from countries taken over by a foreign power.

RUSSIA HAS TAKEN over the Baltic states—Lithuania, Estonia, and Latvia—so people from there would get high preference.

9. If they could meet those eight conditions, these persons would get first chance to come here: orphans; refugees who fought against the axis; all others.

This may look all tangled up to you — and you may wonder whether 200,000 persons could qualify at all. The untangling would have to be done by a three-man commission appointed by the President.

The commission would set up rules for admitting the refugees but carrying out the program would be left to the U. S. immigration service.

COMMUNION SERVICE

Services of Holy communion will be observed at churches of the Magnetic Springs-Pharisburg Methodist charge Sunday morning, Rev. Hiram B. Holdridge, pastor, announced.

Harding Class Day and Senior Breakfast Mark Graduation

The annual Harding High school senior "Class Day" program and the annual senior breakfast held yesterday and today respectively, were among highlights of this week's graduation.

The class day activities were held Wednesday afternoon at the Harding football stadium, and the breakfast was at 10 o'clock this morning at the Masonic Temple.

At the class day program, the Harding band, directed by Homer Huffman, played the processional, "March of the Brave," Zamecnik, which was followed by the flag raising ceremony and singing of the class song by the class of 1948.

James Cost, senior class president, gave the class address and challenge to the juniors, and the response was by Roger Pendleton, junior class president.

Selections by Band

Special selections were presented by the band, including a medley of Cole Porter's songs, arranged by Bennett, "Fairest of the Fair," a march by Sousa, and "Star Dust," Carmichael. The class history was read by Polly Biggert, and the reading of the class prophecy by Claire Koeppen.

The recessional, "Coronation March" from "The Prophet," Meyerbeer, by the band, closed the class day program.

"The Journey of the Freedom Train" was the theme carried out in the program at the senior breakfast. James Wanner, chairman of the committee in charge of arrangements for the affair, presided as toastmaster.

Two student speakers, elected to speak by a committee from the class, gave talks dealing with the general theme. Miss Jane Williams talked on the subject "All Aboard," in which were recalled memories of the early days of school life. Harold Patterson, speaking on the subject "En-route," told what high school and the many activities associated with high school mean to the pupils.

Speaking for the faculty was E. Paul Huffman, whose subject was "The Grand Central." These talks were followed by the "Half-minute Club" during which various members of the class gave brief remarks.

Choir Sings

Music was provided by the a cappella choir under the direction of L. G. Jones, and the senior class song, led by Joyce Snyder, was sung by the group. Lester L. Dickey, city school superintendent, gave the invocation, and the benediction was by A. C. May, Harding principal.

Table decorations for the breakfast were in black and gold, the senior class colors, with bouquets of spring flowers centering the tables.

Serving on the committee with James Wanner were Iris Eckels, Janet Ullmer, Robert Ralston and Don Showalter. Miss Margaret Wolfley was faculty advisor.

ACCEPTS AS ORGANIST

BUCYRUS—Mrs. A. M. Jones, long associated in Bucyrus music circles, has accepted the appointment as organist for St. James Episcopal church. Mrs. Jones was organist for 17 years at St. Paul's Lutheran church. For two years she served St. James church during the war.

Charges Illegal Sale Of Gasoline to Boy

Special to The Star

BUCYRUS, June 3—Charging that employes of the Gulf Refining company illegally sold gasoline to her eight-year-old son, Mrs. Marguerite Barger brought a $10,000 damages against the company in Crawford county common pleas court today.

The petition sets forth that the plaintiff's son Donnie suffered burns from exploding gasoline, alleged purchased from the defendant in April this year.

HOOVER URGES GOVT. CHANGES

Important Structural Revision Advised by Former President in Letter.

By The United Press

WASHINGTON, June 3—Former President Herbert Hoover believes the government needs "important structural changes" to make it more efficient and economical, it was disclosed today.

He also thinks the country has inadequate savings to maintain and improve the means of production and distribution on which its standard of living depends.

Mr. Hoover's views on the need for government reorganization were revealed in a letter read to the senate by Sen. Henry Cabot Lodge Jr., (R) of Massachusetts.

The former president heads a bi-partisan commission set up to study government reorganization under a resolution sponsored by Sen. Lodge. The senator told the senate he had written Mr. Hoover asking for a progress report.

Intensive Study Made

Mr. Hoover replied that the commission's study provided "the most formidable approach yet made to this national problem." Every president and congress for 50 years have grappled with the problem, he said, but their efforts have been "fractional."

He noted that the government was making "regular payments" to 2,200,000 persons three years after the first World War compared with 13,400,000 three years after the second World War. The comparable budget figures, he said, are $4,000,000,000, three years after the first war, and $40,000,000,000 after the second.

"There are insufficient savings left in the hands of the people to repair, maintain and improve the tools of production and distribution upon which our standard of living depends," he wrote, "these guides obviously indicate the necessity for important structural changes in the government to secure the maximum efficiency and economy.

Enlists Outside Help

"Our field of inquiry not only concerns every citizen; it concerns the very strength and vitality of democracy itself. The success of this mission may well set the pattern for future joint participation by private citizens and government representatives on matters affecting national welfare."

Mr. Hoover said the commission had enlisted outside help and created 22 "task forces" for functional studies of the government, he suggested the group would submit one report on fundamental reorganization of the executive branch and a series of separate reports on functions and departments.

The report to congress is due next January.

BOY BIKE RIDER HURT

GALION, June 3—Eight-year-old Michael Gledhill, son of Mr. and Mrs. Wayne Gledhill, had his left leg fractured and both bones of his left arm broken at the wrist when he was struck by an automobile while he was attempting to turn his bicycle around in the highway. The accident happened near the boy's home. The automobile was driven by Pete Bashoff of Crestline.

Springfield Giants End Marion Winning Streak with 11 to 5 Victory

Teams Break Even on Hits, But Extra Base Blows Defeat Cubs

Special to The Star

SPRINGFIELD, June 3—Marion's Cubs banged out as many base hits as the Giants here last night but nine of Springfield's 11 blows went for extra bases and the locals swamped the invaders, 11-5, in the final of a two-game set.

The Cubs spotted starter Mitch Gegax a run in the top of the fourth on Zeke Bekeza's double, a Giant error and a wild pitch but the Giants chased the stocky righthander with a seven-run fifth inning that produced two doubles by catcher Dan Matthews, Johnny Fulmer's three-run homer and two basers by Carl Hosler, Pat Knox and Len Klaus. A base on balls and a two-base error by Pete Schnepf figured prominently in the attack.

Don Schmidt opened the Marion seventh with a homer over the centerfield fence but the Giants got three in their turn on a base on balls, two Marion bobbles and Pat Knox' single.

Doubles by Dick Vonder Haar and Hosler gave Springfield its final tally in the eighth.

Klaus, who notched his sixth win in seven starts, dished up singles to Ray Burgermeister, who relieved Gegax in the fifth, Lou Castrovince, Gatts and Bolduc and the Cubs turned them into three runs in the top of the ninth.

Umpire Doc Staley chased Bob Shuford and Nick Alivojvodic from the bench in the ninth for a wee bit of heckling.

FANS SEE PLENTY OF HITS IN 0-I PLAY

By The Associated Press

Fans who like to see base hits and lots of runs got their money's worth last night in the class D Ohio-Indiana baseball league.

There were 18 or more hits in each of the four games. Springfield's Giants led the hit-parade with nine extra base smashes, including a three-run homer by Johnny Fulmer.

Second-place Springfield clipped third-place Marion, 11-5; fourth-place Zanesville teed off on seventh-place Richmond, 14-7; league-leading Muncie beat last-place Newark, 7-3, and sixth-place Lima tripped fifth-place Portsmouth, 3-2.

Even the Lima-portsmouth game was a wild affair, despite the apparent pitcher's duel. The A's tagged two Lima pitchers for 11 hits, but left men on base in every inning but the first. Lima got seven hits off Jim McCrea.

Richmond helped Zanesville's cause with 11 errors. The Dodgers clinched the decision early with an eight-run second featured by Jerry Mack's inside-the-park homer with the bases loaded.

Muncie rapped out a dozen hits, and stole eight bases—with Joe Sutton and Hal Trienen even swiping home plate. Hal Ensley, who went the route for Muncie, allowed six hits and scored his fifth win against one loss.

TRI-CITY LEAGUE'S FIRST TRACK CHAMPS

Pictured above is the Edison Junior High school track team—first champions of the Tri-City league which is composed of Edison, Central, Vernon Heights, Bucyrus and Galion Junior High schools.

George Whitehead's Edison thinclads won the loop's inaugural track meet, which was held at Galion, May 18, by five points over runner-up Central. In addition, Edison won dual meets over Galion and over the Harding High school sophomores.

The results of the Tri-City meet were: Edison, 38¾, Central 33¾, Galion 33½, Vernon 30½, and Bucyrus 7. The Tri-City league has operated in football and basketball for two years.

Front row, left to right: Jim Edington, Clarence Reeves, Bob Smith, Paul Geisler, and Max Trent.

Second row: Coach George Whitehead, Manager Jim Ferriman, Jack Craft, Jerry Fairchild, Dick Rech, Kenny Stanley, Ted Price, Ronald Freese, Chris Brady, and Principal J. E. Frew.

LOCAL BOWLING TEAM MISSES ABC PAYOFF

The City Furniture Mart bowling team, rolling in the final week of the American Bowling Congress championships at Detroit, Mich., failed to finish in the money. The team captained by Robert Graham, hit 2550 in the team event Thursday, just 100 below payoff figures which paid down to 2650. Graham scored 558 for the best three game total in singles competition on Friday, and "Hap" Applegett and Arthur Cheney rolled 1125 for the best doubles score.

This was the biggest ABC tournament in history, yet one of the poorest in scoring, an Associated Press dispatch disclosed. Some 27,000 keglers rolled for $400,000 in prize money over the 80-day marathon tournament.

Of the prize money, $96,461 will go to 960 regular teams, and 1,147 booster teams—(those with an average of 850 or less)—will divide $47,775.

The Washington Shirt squad won $2,500 in prizes with a team mark of 3007. James Towns and William Sweeney of Chicago will split $1,000 for their 1361 score in doubles, and Ned Day of West Allis, Wis., won the all-events top prize of $1,000 with a mark of 1979.

Lincoln Protich of Akron took the singles award of $500 with a 721 total.

Says Chisox, Tribe, To Announce Swap

By The Associated Press

CHICAGO, June 3 — The Tribune said the Chicago White Sox, deep in the American league cellar, today will announce a trade sending outfielder Bob Kennedy to Cleveland in exchange for outfielder Pat Seerey and pitcher Al Gettel. No cash will be involved between the Sox and the first place Indians, the Tribune said.

The Tribune said Manager Lou Boudreau of Cleveland, in Washington last night, said "complete details of the deal have not been ironed out." But, the paper added, "it was learned in Chicago that the transaction will be announced today."

It added the players involved in the deal are scheduled to report to their new clubs today. The White Sox are in Philadelphia and the Indians in Washington.

2 WALKS, 2 ERRORS GIVE OPS VICTORY

The Ohio Public Service softball team took advantage of a pair of walks and two Quaker Oats errors to score the winning runs in the 7-6 triumph in the Industrial league last night.

Osgood sunk Sohio, 10-2, and OAT nicked Oswalt, 4-2, in other loop games.

OPS went into the eighth on the short end of a 6-5 count, but Quaker reliever, Johnson, lost his control and the fielders their sureness to give OPS their second win in the No. 2 loop.

Osgood got fewer hits, 8-7, but bunched them more effectively in downing Sohio. Reams of Osgood got three for four and Merchant of Sohio two for three.

OAT'S win over Oswalt was highlighted by Moran's two run homer in the second.

HARDING BOOSTERS TO MEET TONIGHT

Members of the Harding Boosters club, at a meeting tonight in the courtroom at the county courthouse, will take first inventory on the number of tickets which have been sold to the benefit baseball game between the Cubs and Portsmouth Athletics June 5, Harold Nussbaum, secretary of the club said today.

Plans will be laid for distributing prizes to be awarded the night of the game and for continuing the sale, also, Don Williamson, chairman of the event said.

The joint St. Mary-Harding Booster clubs took over sale of benefit tickets last week, following a 14-day sales campaign in the city's schools.

Mr. Nussbaum said that 1,186 tickets had been placed with Booster members and that returns have been good, but an accurate check will not be made until tonight's meeting.

EX-AKRON COACH TO QUIT UNIVERSITY

By The Associated Press

AKRON, O., June 3 — Paul Baldacci, head football coach at the University of Akron for five years until a new athletic regime took over last winter, said today he plans to quit his present school post.

He was made track coach and assistant professor of physical education under the new setup.

Baldacci said he would leave the school when his contract expires June 30. He had no comment on future plans.

Girl Wrestlers at the Armory Tonite

There will be plenty of action at the Marion Armory tonight when Promotor Fishbaugh presents a double main go attraction featuring the Girl Wrestlers. Mae Young of Alabama and June Byers of Shreveport will take over the one ninety-minute match while Paul Orth and Jack Terry will have the other top billing. Both Mae and June have been in the girl grapple game for quite some time so Marion fans are sure of a top match.

The big Englishman, Jack Terry, got disqualified last week for his roughness but that won't be necessary Thursday for Orth can and will give out with as much if not more than Terry. Both matches are for the best best two out of three falls. A ten-minute prelim between the Barlow Brothers will open the show at 8:30. Prices remain the same, 75c and $1.00, with kids at 50c. Dodgers Slowly Climbing Back into Pennant Race

Defending Champs Only Five Games Behind Giants After Topping Reds

By The Associated Press

Slowly but surely the Brooklyn Dodgers are climbing back into the National league pennant race.

The defending champions, after a disastrous start that found them in and out of last place, are in sixth place today, only five games behind the pace-setting New York Giants and two games out of the first division.

Manager Leo Durocher's pitching staff, which took plenty of beatings in the early going, has suddenly righted itself with big Ralph Branca, Preacher Roe and Joe Hatten leading the way.

Hatten went the route for the second time this season last night, pitching the Brooks to a 5-3 victory over the fading Cardinals in a night game at St. Louis. It was the Dodgers' first victory in five meetings with the Cards, who now have lost six straight.

Cards Drop Back

By losing, the Cards dropped a game and a half behind the Giants who trampled the Reds, 7-4, in a day game at Cincinnati.

Larry Jansen, star Giant righthander, scattered 11 Red hits in posting his sixth win of the year. Jansen helped his own cause, driving in three runs on two singles.

The third place Pittsburgh Pirates also lost ground, falling two games behind the Giants as they bowed, 5-1, to the Boston Braves in a night game at Pittsburgh. Johnny Sain held the Pirates to three safeties, one of which was Ralph Kiner's twelfth home run of the year in the ninth inning.

In the American league the Cleveland Indians retained their slim first place margin over the Philadelphia Athletics. The Indians dropped a 2-1 five-hit decision to Rae Scarborough and the Washington Senators, but remained seven percentage points ahead of the A's as the Athletics also lost, 7-3 to the Chicago White Sox.

Bob Lemon, who entered the night game unscored on in 25 straight innings, went the route for Cleveland. It was his third loss as against seven wins.

The last place White Sox raked Bill Dietrich and Nelson Potter for 11 hits in their after dark struggle in Philadelphia while Joe Haynes halted the A's on nine safeties in coasting to his fourth victory.

St. Louis' surprising Browns moved over the Detroit Tigers into fourth place as a result of their 3-1 night game triumph over the Red Sox in Boston.

Fred Sanford checked the Sox on seven blows while his mates collected nine off lefty Mel Parnell.

The Tigers, who now trail the Browns by a game, lost a 1-0 decision to the Yankees in a day game at New York.

In the only other day game, the Chicago Cubs nosed out the Philadelphia Phillies, 2-1, in 12 innings at Chicago.

Prospect Legion Downs Tong Implement, 11-8

The Prospect American Legion softball team defeated Tong Implement of Waldo, 11-8, on the Prospect diamond last night.

Pitcher Sherman Biggerstaff, who was credited with the win after relieving Oehler in the third, won his own ball game with a three-run homer in the seventh. Lauer, Rider, Oehler, and Hoover all hit safely twice for the Legion while Sims and Buckingham collected two apiece for Waldo.

Smitty's Lose 1st NCO Game to Mansfield, 3-0

Smitty's lost their first game in the NCO loop to Gorman Rupp of Mansfield, who shut them out 3-0 with a fifth-inning outburst at Crystal Lake park last night. The Maids topped Shanty Town, 19-2, in the second game of the twin bill.

Smitty's Boys were able to connect for only four hits off Windsor while the Mansfield crew were getting to Millisor for seven.

Next NCO game will be played Friday at Mt. Vernon at 8:30 p. m., and on Monday the Ashland Indians wil be guests here at 8:30 at Crystal Lake park.

BLACKWLEL READY TO GO AGAINST GIANTS

By The Associated Press

CINCINNATI, June 3—The Cincinnati Reds, who fell out of sixth place by dropping a 7-4 decision to the leading New York Giants, prepared today to climb back up the ladder.

Manager Johnny Neun picked lanky Ewell Blackwell for his first starting assignment since May 7 when 'The Whip' went on the sick list because of an injured shouder muscle. He hurled two innings last week—the first day he was certified as ready for action.

The Giants collected runs steadily through yesterday's contest to give Johnny Vander Meer his sixth defeat. Walker Cress, the recent recall from Syracuse, also was touched for runs in a brief stint. Walks, followed by singles, accounted for the first runs, but more hits and Willard Marshall's homer to the right field bleachers added to the Giant tallies.

A two-run rally in the ninth died when Babe Young, pinch-hitting for pitcher Tommy Hughes, popped out with two aboard.

Bobo Newsom was expected to be Mel Ott's choice to try for a victory in the second of a four game series.

Red Lively Farmed Out To Tulsa by Redlegs

By The United Press

CINCINNATI, June 3 — Pitcher Everett (Red) Lively was on his way to Tulsa of the Texas league today after being farmed out on a 24-hour recall basis by the Cincinnati Reds.

Lively came to the Reds last year and compiled a record of four wins against seven defeats.

MILWAUKEE ON WAY UP IN ASSOCIATION

By The Associated Press

The American association baseball prophets picked Milwaukee to win the 1948 baseball championship and it appeared today that maiager Nick Cullop's Brewers are on their way up.

Four home runs, two by Nanny Fernandez, gave Milwaukee a 7 to 4 victory over the fourth place St. Paul Saints last night and the triumph lifted the Brewers into a second place tie with Columbus. The Red Birds and Milwaukee are 4½ games behind pace setting Indianapolis. The Indians set down Columbus, 6 to 5, last night.

In other league games, Kansas City came from behind to defeat Minneapolis 8 to 4, and Louisville edged out Toledo, 2 to 1.

Milwaukee's Al Epperly scored his sixth pitching victory against one defeat, although he needed the help of Glenn Elliott in the ninth.

Les Fleming's ninth-inning double gave Indianapolis two runs and a one-run triumph over Columbus. The Indians knocked out southpaw Harvey Haddix with two runs in the seventh, to trail 5 to 4, and set the stage for the ninth-inning clincher.

At Louisville, big Bill Zuber, 10-year major league veteran, allowed Toledo six hits and the only Hen run resulted from Dick Kokos' sixth-inning homer. The Colonels scored once in both the second and third, but ex-Colonel Joe Ostrowski, allowed only two more men on base the rest of the way.

The United States bought the Virgin Islands for $25,000,000 during World War 1.

NATS HALT INDIANS ON 1ST STOP EAST

By The Associated Press

WASHINGTON, June 3—The Cleveland Indians today were off to a shaky start on their second invasion of the east.

The Washington Nationals, who previously had been shut out twice by Bob Lemon, eked out a 2 to 1 win over the Tribe's young mound star last night.

Lemon gave the Nats only five singles—and only one of them was a well hit ball—but the Indians were able to collect no more than that number from Rae Scarborough, a husky right hander.

The Indians' only run was scored in the fifth inning on a single by Johnny Berardino and a 400-foot double by Jim Hegan.

They were unable to advance another man as far as third base and only two others reached second as Scarborough spoiled their initial appearance on this 14-game eastern tour.

Because the Philadelphia Athletics also lost last night, the Redskins managed to cling to first place by seven percentage points, although they technically still remain a half-game behind the A's. Their margin over the onrushing New York Yankees was cut to two and a half games.

CITY PLANS INCOME TAX

By The United Press

YOUNGSTOWN, O., June 3—City council today was expected to pass the proposed one-quarter of one per cent city income tax at its Monday session. The tax would be in effect 18 months and would raise between $250,000 and $350,000 in the last half of 1948 and $600,000 to $740,000 in 1949.

Small Crowd Gets Big Treat At Armory Boxing Matches

By BILL MURPHY

A small crowd witnessed a big treat at the Armory boxing show last night. Roughly 300 admirers of the manly art were in attendance to see 11 fights end in three ko's, four tko's and four decisions.

Ermal Oskey, billed to fight five rounds with Charlie Leftwich, wasn't present to demonstrate his ring prowess, having forfeited his amateur standing by signing a professional contract earlier in the week. His failure to show, however, raised no animosity as Joe Neidig more than compensated for his absence with a sterling performance.

Neidig, fighting at 136, staged a scrap that was no less than sensational as he ko'd Ted Porter, 133, of Columbus in 1.25 of the third round. Neidig transformed what had been a mediocre boxing show into a top notch card in the eighth fight of the night.

No less can be said of his worthy opponent. Porter was something to see as he struck with lightning-like speed.

Battles All the Way

Battling from the opening gong, the dusky Porter proved himself ringwise as he gave as good as he took for the first two rounds, hitting with terrific force and speed. Neidig was never sure of the fight and, no doubt, was glad to hear the toll of ten, following a flurry of lefts and rights and a beautiful right cross which he used to stop the colored boy. The judges were no less happy at having the task of rendering a decision removed.

The Jack Seckinger-Jack Honeycott welterweight fight was only slightly shaded by the Neidig bout as Sec became careless following a first round knockdown. Honeycott came back strong to even the score in the second when he caught young Seckinger with a hard right. Both boys took a count of eight. Honeycott came on strong again in the first minutes of the third round, but was draggin' by the end as Seckinger slowed him down and took the decision.

Lawrence Straham, 123, was awarded a tko win over Billy Mason, 122, of Columbus when Mason's handlers withdrew the kid after the first heat. Straham possessed too much ring knowledge for the boy.

Leftwich Fights 5 Rounds

Charlie Leftwich fought five rounds with Gene Cumberlander in the 160 pound division and was decisioned for his trouble. The bout didn't generate any excitement as the contestants spent more time getting set to strike than striking.

Harold Watts, 144, registered a tko over Virden Lanner of LaRue as the LaRue lad attempted his first fight. Dick James, 120, also registered a tko in stopping Sunny Ford of Mansfield in 1.45 of the third. Ford took a sound trimming as he showed remarkable courage in absorbing James' hard punches.

In other fights, Verlin White, 180, ko'd George Lathman, 175, of Columbus in twenty seconds of the first round; Bill (Torpedo) Tuttle, tko'd Ted Smith at the end of the second round; Tony Johnson decisioned Monte Glover in a good fight; Don Blair ko'd Johnny Chambers in 1.46 of first, and Billy and Dickie Franklin fought to a draw in a paperweight go.

Howard Hodges, Jimmy Williams and Al Van Fossen were the third men in the ring.

EXPECTING '49 CARS ON TIME

Manufacturers Generally Bid Fair To Have New Models Out by End of Year.

By DAVID J. WILKIE
Associated Press Automotive Editor

DETROIT, June 3—Barring another major assembly line stoppage nearly all 1949 model automobiles will be introduced before the year's end.

Besides new models, industry circles again are talking about possible production records. If the car builders can get all their labor problems behind them—as now seems likely — they may make 1,[illegible]00,000 cars and trucks between July 1 and Aug. 31.

So far only Ford has 1949 models in production. Other car makers are turning out parts for new models or are awaiting tools to get fabricating work started.

Stimulating both new model work and production possibilities is the fact that General Motors, Ford and Chrysler have been able to build up materials stockpiles during recent weeks. GM closed each of its plants for a week during April or May; Ford production was curtailed during a model change-over and the now-settled Chrysler strike halted consumption of materials by that manufacturer.

Another Swing to New Models

The industry has not had a 500,000-unit month since June, 1941. In that month United States plants produced 510,525 cars and trucks.

Next of the car manufacturers to swing to new models will be Nash. Although it may lose a month's production in the change-over Nash's output this year should top 125,000 units. Nash bettered its pre-war high mark in 1946 and again last year. It made 98,769 cars in 1946 and 113,315 last year.

Indications now are that Studebaker may be one of the last to get 1949 models on the assembly lines, probably not until early January.

Industry circles are keenly interested in the changes companies like Studebaker, Packard and Hudson may make in their body styling. They were among the first to introduce the postwar style of lower overall height and the pontoon-like fenders. So far as the 1949 mode is concerned they may be said to already have it. So the changes — if any — these companies may have in mind probably will be considerably less drastic than those of other producers.

Most industry observers believe the era of the low, streamlined automobile with its lowered center of gravity and "off-the-axle" rear seat, has just begun. There will be no radical departure from this trend for some years to come, according to many industry experts.

Stampings Important

It should be noted, though, that ultra-streamlining the postwar car with its flatter hood and straight fender lines from headlamps to taillights is achieved mainly by sheet metal stampings. The stampings represent only a relatively small part of the new model expense and can be changed almost over night.

Some idea of what is done with stampings is given by General Motors with the limited number of basic bodies it uses for its various models. By changing fenders and hood covers it gains a completely different appearing vehicle.

Many industry authorities believe that once all the 1949 models have been brought out there will be no more radical design changes before 1951 or later. That means "face-lifting" — changing the shape of fenders, hood covers and radiator grilles—again will be in order for 1950 and possibly 1951.

Certainly the several companies that boasted they "went all out" in re-styling and re-designing their postwar models at heavy expense will want to get back some of the investment before spending more millions for engineering changes.

YOUTH PROGRAM OPENS

UPPER SANDUSKY, June 3—The community youth recreation program sponsored by civic groups here was opened Wednesday at Harrison Smith park with Harold Tenwalde as the supervisor of playground activities. Mr. Tenwalde, high school teacher and athletic coach, is a graduate of Bowling Green university. He has been a faculty member three years.

CLEANING TRAFFIC LANES

UPPER SANDUSKY, June 3—The repainting of traffic lane lines, parking spaces, and the safety zones at the street intersections was started today by street commissioner George M. Fleck and his crew of municipal employes.

HOMESTEAD DISPLAYS SEEN BY HUNDREDS

Special to The Star

ASHLEY, June 2—The country home of Mr. and Mrs. W. C. Cole was visited by hundreds this week. They held "open house" in the name of Mr. Cole's ancestors Joseph and Mary Cole. The official homestead visiting day saw 300 persons pass through the five rooms in which there were displays, and there were probably as many visitors the next day. Many did not register. Displays by Mr. and Mrs. Cole were augmented somewhat by those of others entered.

The three rooms downstairs and two up held tables and showcases of interesting antique objects. Spinning wheels, yarn winders, carding frames, an old chest and trunk, a cradle, hay forks, oxen yoke, bed steads and other hand ware and hand carved articles were displayed.

A spring wheel clock made in 1827 adorned the huge old fireplace with hand carved woodwork and mantel, tables held old hats and straw, some of the "Buckeye" make; cases held small hand-wrought metal tools and utensils and a great number of Indian flints. A hand crocheted spread in colors and beautiful quilts covered the beds. One quilt was made in 1838. A big brass kettle, 30-gallon capacity, filled the big fireplace in the living room. One could almost smell the spice of old-fashioned apple butter that had no doubt filled it many a time.

Old Documents Displayed

Samples of fine penmanship and old fashioned documents were on display, and a flag that had been carried in the Civil war adorned one wall. The wide doorways and window sills testified to the thickness of the walls of the old house which has stood on the spot for nearly 140 years. Under the house at the rear is tucked a portion of the old toll gate that was used on the road nearby in former years. The whole place has a "settled" homelike appearance and many think with regret of the sacrifice of this old landmark to "progress."

Prof. and Mrs. Hahnert, Robert Powers, Mrs. Anna Propst, and John Snook of Delaware, Arlington Cline and H. E. Wilcox of Ashley, and Mrs. Florence Wallace of Leonardsburg had displays. Mrs. Propst, Mr. Powers, and Mr. Snook were assistant hosts.

JOIN STAFF OF UN AND SEE THE WORLD!

By The Associated Press

LAKE SUCCESS, June 3 — Join the United Nations staff and see the world!

In the first 30 months, the UN has assigned workers to accompany missions to such remote and enchanting corners of the globe as western Samoa, Tanganyika and Kashmir.

Others have moved into the battle zones of Greece and Palestine. Some spent a winter in sunny Havana.

The plum now being dangled in front of the staff is Paris, where the 1948 meeting of the General Assembly will be held this fall.

UN workers get their close-up look at the world through being set up by the General Assembly, Security council, Trusteeship council, and Economic and Social council. The visits to far-away assigned to investigating bodies lands vary from days to months.

A worker's salary remains the same while on "foreign duty." Transportation costs are paid, of course. Each person draws expense allowance on per diem basis, the amount varying with costs in the area. It was $12 a day in Havana and it is $15 in Palestine.

Here are some of the trips — completed, under way or planned —with the approximate staff totals:

Greece, 70; Palestone, 80; Indonesia, 14; Western Samoa, 6; Korea, 25; Tanganyika, 6; Kashmir, 12; Havana, 170; and Paris, 700.

Personnel to accompany the commissions is selected on the basis of specific requirements, with volunteers being given preference where possible. The staff chart usually calls for nearly all skilled workers such as interpreters and economic experts. The volunteers usually catch on as pool stenographers and secretaries.

CHURCH CHOIR ELECTS

Miss Helen Thew was elected president of the choir organization of Central Christian church at a picnic and final rehearsal of the season last week at the home of Mrs. Goldie Swope of 291 Marion ave. Kenneth McKee was elected vice president, and Miss Corrinne Nece, secretary-treasurer. Mrs. Olive Miller, outgoing president, was in charge. It was announced that George Lane, choir director, will spend the summer in New York City where he will study for his master's degree in music. Mrs. Swope played accordion solos and Mr. Lane led group singing. A gift from the group was presented Miss Nece and Mr. McKee whose wedding will be an event of July 4. The bride-elect is a daughter of Mr. and Mrs. J. H. Nece of 258 South State street, and her fiance is a son of Mr. and Mrs. W. L. McKee of 243 Elm street.

PROSPECT CHILDREN'S DAY

Children's day rehearsals have been set by St. Paul Lutheran church at Prospect for Sunday afternoon and Tuesday and Thursday nights, Rev. Paul E. Dobberstein, pastor, announced. Organizations of the church meeting next week include the Luther League Monday night, and the Missionary Aid society Thursday afternoon.

IF STOMACH BALKS DUE TO GAS AND BLOAT

Help Get Food Digested to Relieve Yourself of This Nervous Distress

Do you feel all puffed-up and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief in helping your stomach do the job—it should be doing—in the digestion of its food.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with overdoses of soda and other alkalizers to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

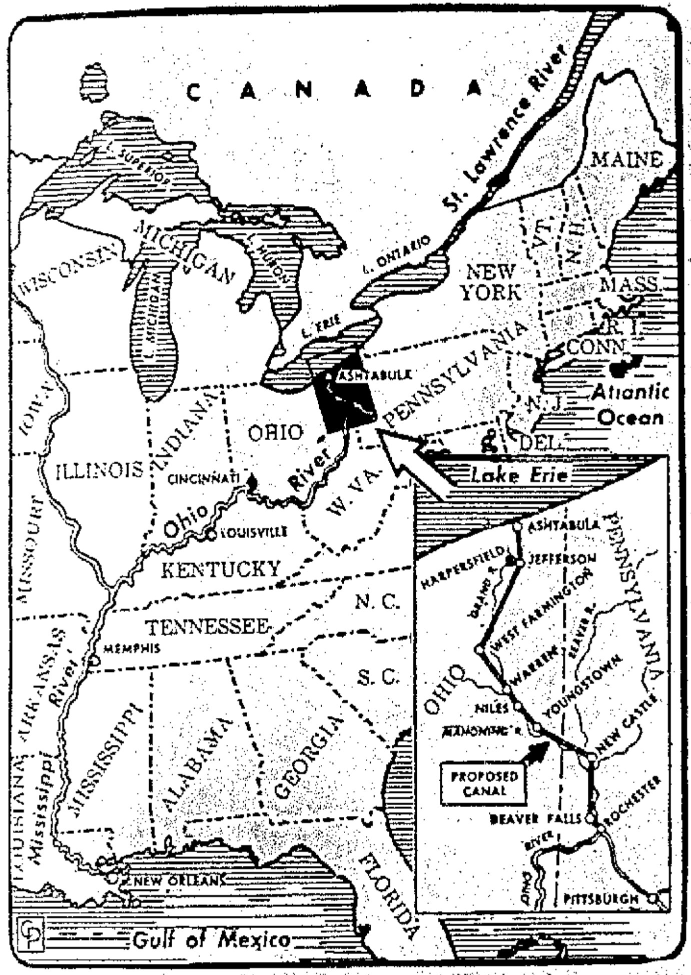
LAKE ERIE-TO-OHIO RIVER CANAL



A NAVIGABLE WATERWAY from the St. Lawrence river to the Gulf of Mexico would be available in the proposed 104-mile canal to connect Lake Erie and the Ohio river, approved by Army's Ohio river engineers' department. Inset map traces course to be dug from Ashtabula, on the lake, to Rochester Pa., on the Ohio, utilizing the Mahoning and other rivers. Estimated cost of the 18-foot-deep, 225-foot-wide channel is $439,000,000, with $23,000,000 of the total expected from interested areas such as the water-short Mahoning valley. Such a canal would also provide a watercourse from Lake Erie to industrial Pittsburgh, Pa. *(International)*

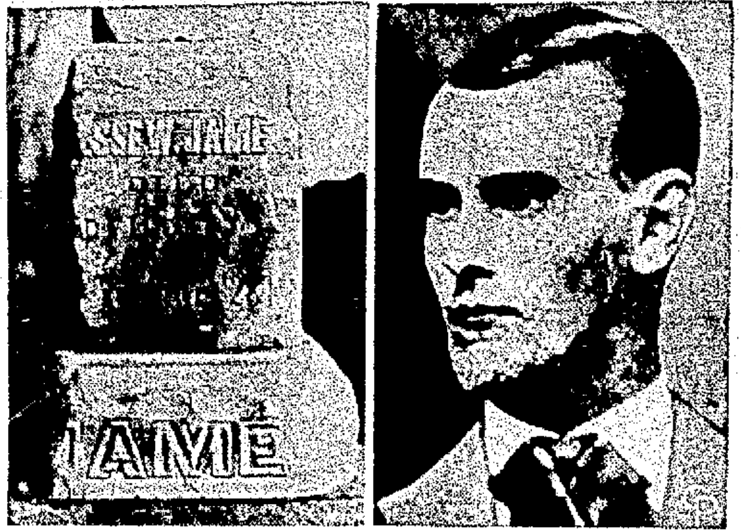
MOTOR COURT INUNDATED. A modern motor court on main ighway 99, north out of Portland, Ore., is completely submerged by flood waters of the Columbia river. Thousands fled from weakened dike lands as the Columbia river flood crest spilled from its rocky gorge through the Cascade mountains into the flat lower river valley. The Army ordered everyone but dike workers out of the threatened districts along the vast 120 miles of the river's course.

SAYS HE'S JESSE JAMES---IS HE?

Frank Dalton (Jesse James?) marks his 100th birthday in Dallas.



Jesse James' gravestone. James in banditry heyday.

IS JESSE JAMES ALIVE or dead is a question people are asking since the Lawton, Okla., Constitution tagged a Frank Dalton as the famous bandit. Dalton, down with a broken hip, marked his 100th birthday in a veterans' hospital at Dallas, Tex., March 4. Records say James would have been 100 Sept. 5, 1948. He was shot in St. Joseph, Mo., in 1882. A battered headstone marks a Jesse James grave at Kearny, Mo., and to reports Jesse is alive, Robert Frank James, 71, Excelsior Springs, Mo., a nephew of the original Jesse, snorts "Phooey!" *(International)*

Roving Reports

By Hal Boyle

NEW YORK

MORE gold diggers have struck it rich in Manhattan than all the mining prospectors in the fabulous West.

But there is also a quiet and unglamorous quest for gold that goes on here constantly—and nets above $500,000 a year.

These prosaic treasure seekers are the men who have the job of recovering the fragmentary particles of gold lost by 500 New York City firms in the manufacture of precious metal jewelry.

There is an old saying that gold is where you find it. This is particularly true of these indoor prospectors. They have found it in the air, in wash water, and by putting a vacuum cleaner to the hair of women jewelry workers

Hal Boyle

These minute specks of gold also lodge in the clothing of workmen, in shoes, tools, work benches, chairs and floor cracks. It's worth the cost of the treasure hunt to regain them. They ad dup to big money.

"We recover about $50,000 annually in gold from such sources," said W. Waters Schwab, president of J. R. Wood & Sons, the nation's largest wedding ring manufacturing firm.

In its 94-year history this firm has introduced many methods of gold recovery now typical in the precious metal jewelry industry, which centers here

THE LARGEST AMOUNT is probably recovered simply by burning floor sweepings and refining the bits of gold that have fallen from work benches.

Many firms now also supply aprons to their expert workmen and require them to be worn. The company launders the aprons itself. The water goes through settling tanks as does the water from special basins in which the workmen must also wash their hands each night before leaving the plant.

This prevents the waste of gold which accidentally stuck to the workmen's clothing and hands.

Jewelry manufacturers long suspected their workrooms had 14-karat air. Introduction of a special type filter to trap microscopic particles of gold floating in the air confirmed this to an amazing degree.

"In a single department where gold is worked as much as $10,000 can be salvaged in a single year," Schwab said.

HOW TO GET BACK the tiny gold waste that stuck to the shoes of workmen? There wasn't enough to make it worth while burning everybody's shoes each night. And yet it didn't seem quite cricket to suggest they work barefooted.

The problem was solved by putting down a floor covering softer than leather shoes. Then the gold stuck to the floor instead of becoming imbedded in the workers' shoes and carried out of the building. When the floor covering becomes worn, it is taken up and burned to salvage the yellow metal.

For a time a number of plants recovered considerable gold dust—and perhaps dandruff, too—by vacuuming the hair of women employes. This practice is now obsolete.

"The ladies stood on their dignity and objected," Schwab laughed. "They insisted they wash their own hair or be taken to a first class beauty parlor—free."

SO BEAUTY and industry came to a compromise. The managements put away the vacuum cleaners—and the ladies agreed to work with their hair tightly bound in kerchiefs

"Do we wash the kerchiefs?" said Schwab. "Indeed we do"

The only way to get any gold dust out of these jewelry plants now is to go into the workroom, take five quick deep breaths—and run for an exit. Then you send your lungs to a laundry and split with them any gold they find What can you lose?

LOCAL WANT AD RATES

	1 Time	3 Times	6 Times
Three lines	42c	90c	$1.44
Each extra line	14c	30c	48c

Minimum charge three lines.

Ads ordered for consecutive insertions will be charged at the one time rate each time.

Classified ads in Marion and Marion rural routes only will be accepted by telephone and mail.

Ads ordered for three or six days and stopped before expiration will only be charged for the number of times the ad appeared and adjustment made at the rate earned.

Because of ads that appeared the previous day, cancellations and corrections will be accepted until 10 A. M. on the day of publication.

Errors in want ads will be corrected and an extra insertion given only when notification is made before the second insertion.

Closing time for all Want Ad advertising is 5 p. m. the day prior to publication. 4 p. m. Saturday. (On Sundays and days following Holidays ads will be accepted up to 10 a. m.)

The publisher reserves the right to edit or reject any ads deemed objectionable.

TODAY'S BIRTHDAY

By AP Newsfeatures

REP. CARL E. MUNDT, born June 3, 1900, is son of a South Dakota hardware merchant. He became school superintendent and a college speech teacher. Elected to congress in 1938, he has served there since. His efforts to revise the United Nations and his moves to curb Communism have brought wide public attention.

One Man's Opinion

By WALTER KIERNAN

One of our generals says it takes a woman to cut through today's double-talk and he's probably right.

* * *

Any sex that can understand what is meant by "twin-tiered capelet" and "softly cuffed boat neck" would have no trouble with a foreign policy report.

* * *

The trouble is, women don't know their own strength. Why, Botticelli's painting of Venus was in television in New York and 30 men phoned the studio for her telephone number!

* * *

When they were told it was Botticelli's painting they wanted his telephone number.

* * *

If men will fall for a female who never lived, think what they would do for a girl who is walking and talking!

* * *

I just say if the girls have a peace conference, don't let the fashion writers draft the treaties . . . Us fellows want to understand 'em too.
